

The **Lancaster Metaphysical Chapel** presents:

William Henry's

**THE ILLUMINATOR: MARY MAGDALENE
AND THE LOST SECRET OF THE
STAIRWAY TO HEAVEN**

William Henry's historical and mythological detective work on the suppressed secrets of Jesus, Mary Magdalene, and the Stairway to Heaven first appeared in his book *Blue Apples*. In his forthcoming book *The Illuminator: Mary Magdalene, Solomon's Key, and the Lost Secret of the Templars*, he presents new evidence about the secrets and the true history of Mary Magdalene, including the reasons why she was called the Illuminator or Illuminatrix.

Building on the works of Zecharia Sitchin, Laurence Gardner and others, he goes beyond "The Da Vinci Code" and pierces the veil of the secrets of Jesus and Mary Magdalene, revealing sensational new information from forbidden texts and teachings revealed in clues left in religious art and legend.

In this presentation we'll journey to the core of the mysteries of Mary Magdalene to study her relation to the 'ultimate secret' of the Tower or Ladder to God, also called the Stairway to Heaven.

We'll also explore these topics:

- The astonishing facts Dan Brown left out of "The Da Vinci Code" about the secret teachings of Jesus and Mary Magdalene.
- The Gnostics and Cathars and their connection to Mary Magdalene.
- The secrets of Mary Magdalene's anointing oil and how it transformed Jesus.
- The Magdalene's connection to Ishtar and Isis and other ancient goddesses.
- The reality of an extraterrestrial presence in the Bible and Gnostic Christian texts.
- How the Knights Templar encoded the secret teaching of Jesus and Mary Magdalene in religious graffiti at Domme, France.
- And much, much more.

In addition, we'll see photos from William's July 05 trip to France, which included visits to Chartres Cathedral and Rennes-le-Chateau.
