Day 1 ~ Friday, June 12. TOULOUSE

Our journey begins in the beautiful gnostic center, Toulouse. Gathering at the **Radisson Blu Hotel at Blagnac Airport** we commence our journey with a meet and greet at 5:00 pm. From here, we begin an amazing journey in which we will follow the Mother Mary to Lourdes and Mary Magdalene to St. Baume as we trace a lineage of priests and priestesses who taught the secrets of the healing waters and the elixir of life.

In the Pyrenees Mother Mary is known as 'the White Lady', 'the Pure One', flashing across the mountain tops in her golden orb of light. Her story guides our journey.

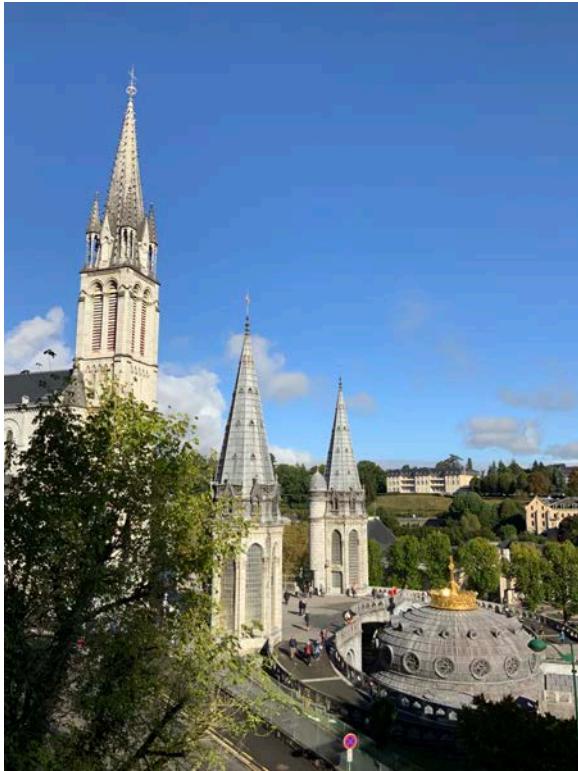

She is the great Holy One, the Mother of Light, who crosses dimensions and who has woven her way into the faith and mysteries of many of the world's spiritual traditions over many lifetimes. At Lourdes, she appeared as a radiant being to a young girl named Bernadette. She manifested a healing spring infused with a divine or cosmic vibration that, today, attracts millions of visitors every year, some who have miraculous healings. In an astounding revelation, William revealed that Mary infused the waters of Lourdes with frequencies that not only heal the physical body, but also to wash our robes of light and activate our light bodies, too.

Day 2 ~ Saturday, June 13. LOURDES (B, D)

We depart from the Radisson Blu Hotel, Toulouse Airport, at 9:00 am and head for **Lourdes**.

Our two hour drive from Toulouse to Lourdes will take us into the beautiful French countryside. We're headed for the foothills of the Pyrenees Mountains, the natural border between France and Spain. These beautiful snow-capped peaks will be on our horizon. The Greek word for 'fire', the Pyrenees hold a spiritual fire or frequency unlike any other range in the world. Perhaps this is one reason why this region is home to so many stories of higher frequency beings. The pure air, water and earth also contain this frequency.

Lourdes is the third most visited place in the world. It is a must see sacred space, a global meeting place, with people from 100+ countries present at any time. It is so uplifting to pray or meditate with thousands with one voice in this serene place. Prepare for a healing experience.

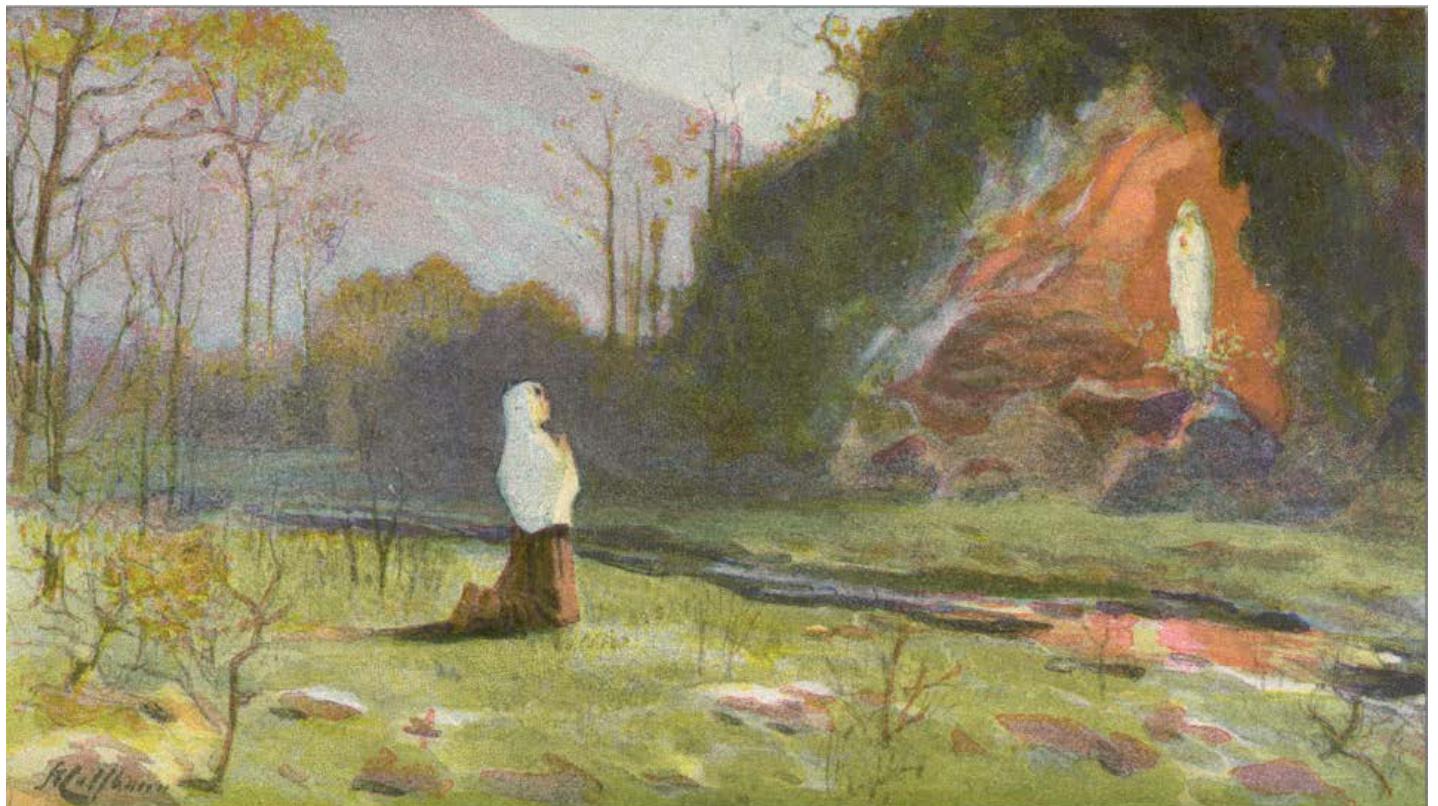

Upon arrival we check in at the Hotel Gallia de Londres, located just a two minute walk from the awesome fairy tale-like **Sanctuary of Our Lady of Lourdes**, the architectural wonder, located atop the side of the mountain where the grotto of Lourdes is located. The architecture of the Sanctuary and its encoded symbolism are breathtaking. After arriving in Lourdes, we can relax and settle in before we gather for a group orientation followed by a walkabout, as we begin our connection to the Marys.

They say there is an ambiance or sense of peace and calm at Lourdes that does not exist anywhere else. Visitors feel it as soon as they enter the 'field' of the place. The area is infused with the healing vibration of light and love from Mary in her light body form. The original basilica marks the sacred power spot where she appeared. This will be a very personal visit for many. Open your heart and your spirit and you will find Her.

BEYOND SIGHT SEEING : The White Lady and the Essene Mysteries of Mary

The Pyrenees are home to centuries-old accounts of apparitions of Mary, the Mother, as the White Lady. Bernadette's experience with her at Lourdes led to the manifestation of healing waters that millions of people experience every year.

In our presentations we will deeply explore William's extraordinary historical connections between Mary, who was raised as an Essene priestess, and the light body teachings of Tibetan Buddhism and other traditions, including the ancient Egyptians. We will unite the mysteries of the Essenes with their source...in the heavens. In so doing, we will enlarge our understanding of Mary, expanding on the Catholic beliefs in Mary's ascension, and explaining it as her mastery of the mysteries of ascension. Mary was the first Christian to ascend (after Jesus). As an ascended being, she infused the landscape of Lourdes with the "treasure" or frequency of the light body making it the place of miracles that it is.

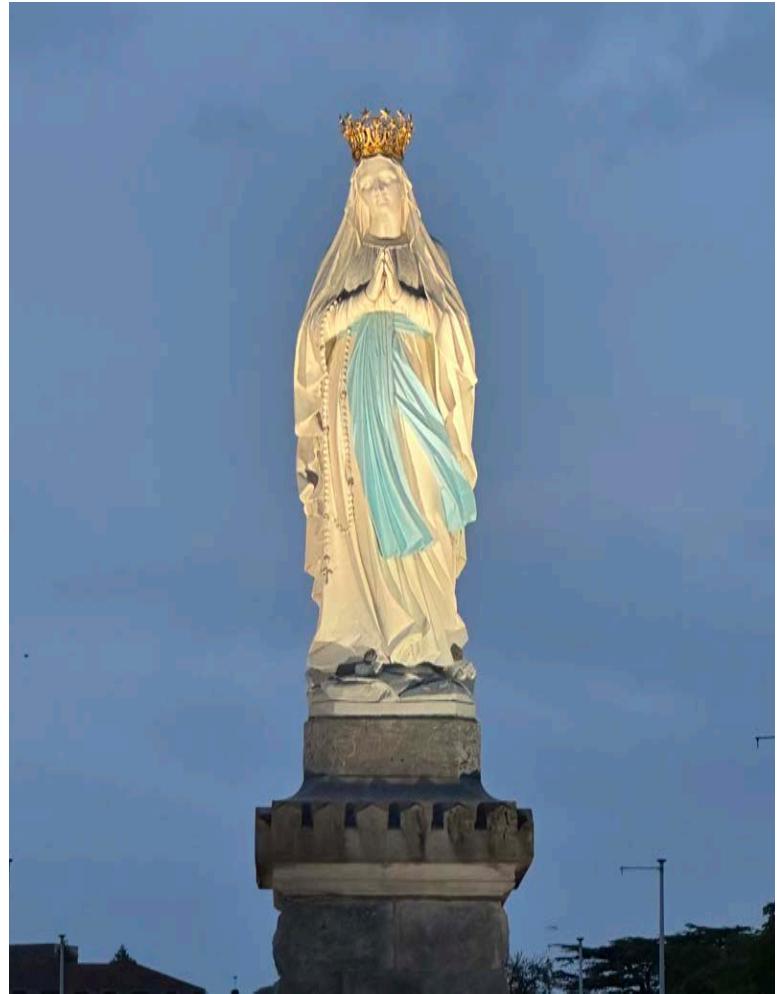

Beginning in 1858, a common French girl, Bernarde-Marie Soubirous, claimed to have had numerous encounters with a mysterious "White Lady", Mary, in a grotto at the foot of the Pyrenees Mountains. Mary created a healing spring and asked Bernadette to build a church. Tens of millions of people have made pilgrimages to the spring in search of healing.

Day 2, Continued

This evening we join the nightly procession in Lourdes under the canopy of the Mary's star cloak. A sight to behold and very moving, thousands of people form a river of light and sing *Ave Maria* during the candle light procession with the bed chairs and wheel chairs to the fore. It will give you goosebumps! Many people have arrived in wheel chairs and left walking on their own. Lourdes is a place where everything is possible. It is a place to find oneself to be truly blessed, touched by grace and full of hope. We arrive here as humans... and touched by the other dimensional love expressed here...we leave as something more.

The nightly procession is an emotionally moving, spiritually cleansing, soul nourishing and bonding experience you will always remember.

Visually stunning, the great mosaics decorating the exterior and interior of the Sanctuary of the Basilica are incredibly intricate and reveal the mysteries of the Marys and Jesus, which we will interpret through the lens of the light body teachings of the Essenes and Gnostics.

Day 3 ~ Sunday, June 14. LOURDES (B)

This morning, we visit Lourdes famous healing baths. The 'living waters' flow through this beatific space and we are here to baptize ourselves within them. After our experience in the waters we will follow the ascending path that leads along to the Stations of the Cross. The feminine womb mysteries come alive before our eyes as we see a divinely orchestrated rendering of the Resurrection tomb of Christ as a womb.

In the afternoon, we gather for a presentation that further bathes us in the frequency of the living waters and attunes us for our journey into Magdalene and Cathar country in search of the elixir and the Starwalkers who offer it to us. After, it's dinner on our own at one of the many wonderful and festive restaurants near our hotel.

A favorite shop is Souvenir Religieux and its collection of vintage Lourdes memorabilia.

TESTIMONIALS

Dear William,

We're home safe and sound. Epic adventure together!! Thanks for your love and kindness every step of the path. Joyce and Bill

Having just returned from the most unforgettable tour and experience in France, walking the path of the Cathars with so many beautiful souls, we are filled with so much gratitude. It will take some time to reflect on all of the magical moments and fully integrate the answers and insights we have been given but one thing is certain; we are deeply transformed by the divine light and love offered to us all. And so it is.

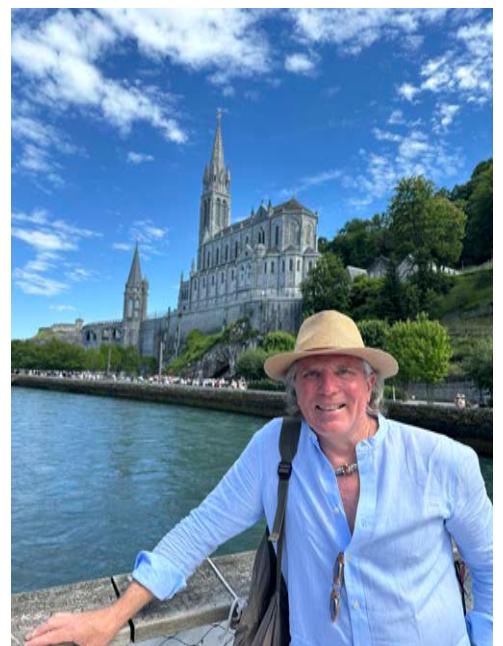

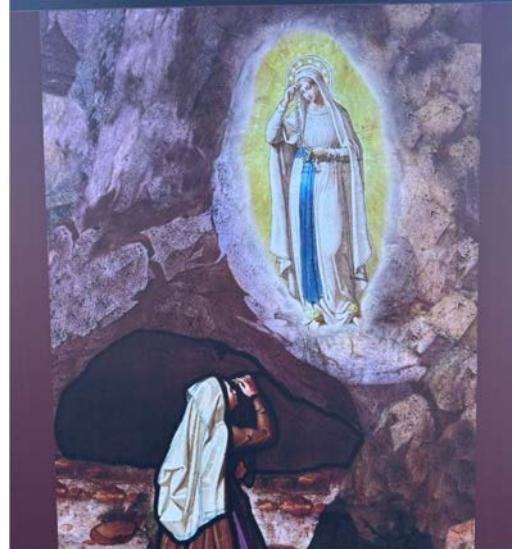

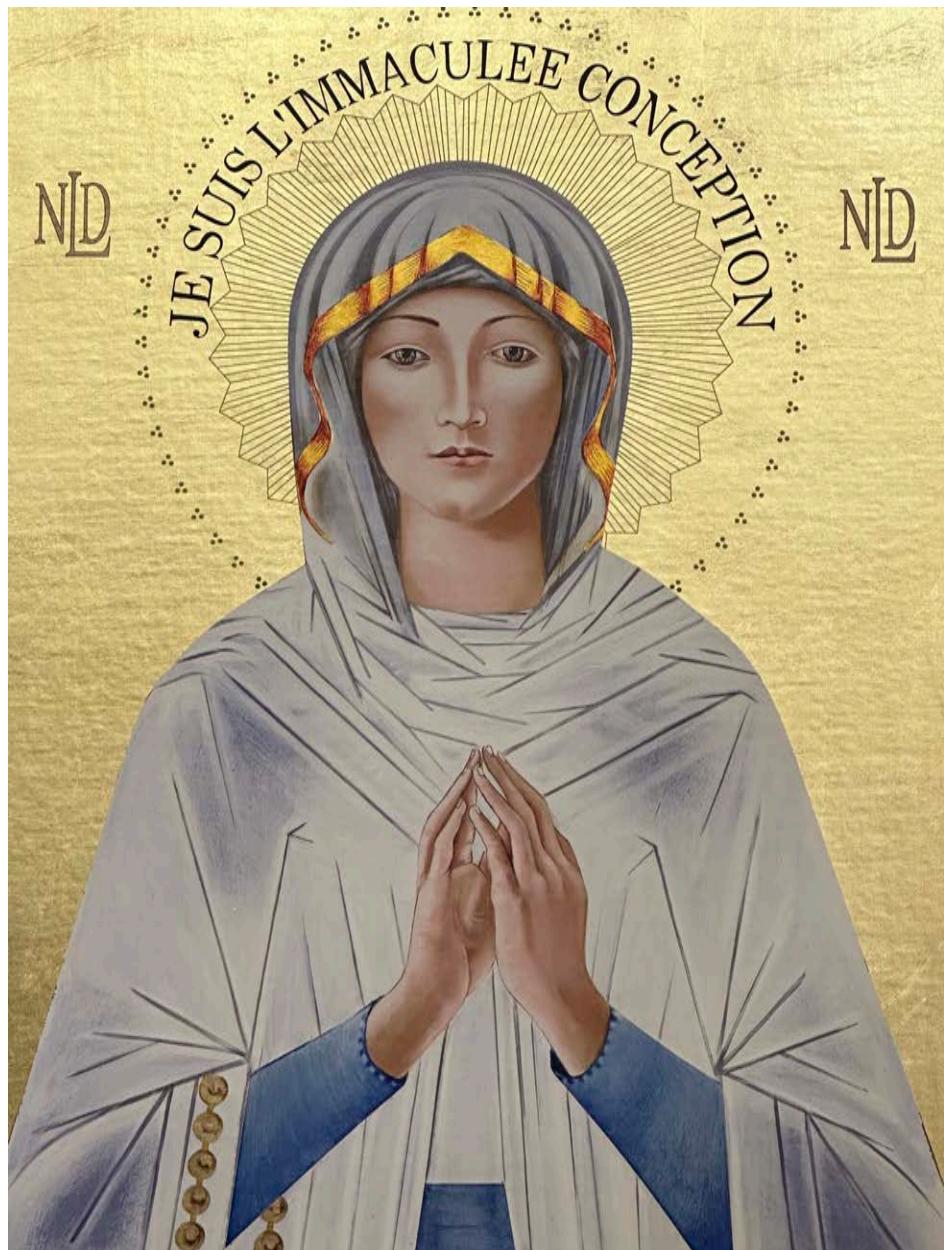

AP, SC

So grateful we could be with all who journeyed on this amazing time together. The kindness and compassion between everyone was wonderful. Also the insights you shared in the presentations. You have helped me to view great spiritual art on a deeper level. It was a privilege to be back in Languedoc again.

LC, NC

I wanted to thank you with all of my heart for the most amazing, uplifting and beautiful tour. I am so grateful for all the experiences you arranged and I was able to see, participate in and be of service when necessary. You are both amazing leaders, teachers, facilitators, organizers, peace makers and Divine Love givers. It was an honor to be with you and to hear your perceptions, knowledge and receive your gifts. I sincerely look forward to the next time that we are in each others presence.

Lourdes is magical. It's all about Mary as an ascended being. We feel the presence in her living waters...waters that are infused with frequencies that activate our own light bodies. We are here to wash our robes of light...and we do.

Day 4 ~ Monday, June 15. CARCASSONNE (B, D)

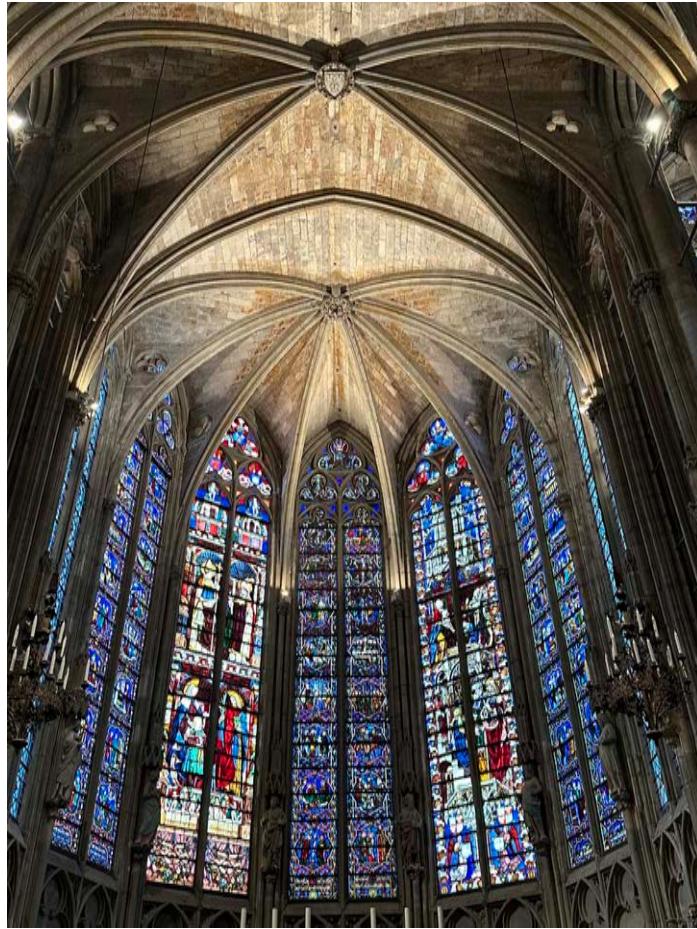

Having washed our robes of light in Mary's living waters, we are ready to journey into the 'heart' of Southern France. After a late morning departure from our hotel in Lourdes we will head to the walled city of Carcassonne, our headquarters for the next four nights. Here, we will settle in and begin to absorb the magnificent mysteries of Magdalene country. **Rennes-le-Chateau, Rennes-le-Bains, Bugarach, Gorges de Galamus, Montsegur** are all short trips away.

Carcassonne's slate roofs glint in the sun atop 13th-century towers that dominate the horizon of the Aude Valley. Surrounded by mountains and vineyards, the scent of pine shrubs, spicy herbs, and sweet flowers is carried on the cool winds and take us back in time.

Behold the beauty of the stained glass and statuary or the Basilique of St. Nazaire, Carcassonne's Gothic-Romanesque cathedral.

The incredibly enchanting 5* Hôtel de la Cité & Spa MGallery Carcassonne will be our home for our four nights in Carcassonne. In the heart of the ramparts of the Cité, this historic luxury hotel, formerly a bishop's palace, will take you on a timeless journey through its wood panelling, coats of arms and lush gardens, with its breathtaking view overlooking the lower town of Carcassonne, its gardens, walls and stones that have survived the centuries.. It's a jewel in a green setting, sitting in calm and serenity, and is close to many local restaurants.

Enjoy a drink on the panoramic terrace or enjoy the indoor bar while contemplating the hotel's magnificent garden and stunning views of Carcassonne.

Hotel du Château offers country French comfort and luxury with a contemporary feel.

Day 5 ~ Tuesday, June 16. RENNES-LE-CHATEAU (B, L)

Today, we visit the famous hilltop village of Rennes-Le- Chateau where William will share highlights of his 40 year quest to uncover the secrets that spring from this extraordinary space. After lunch at the enchanting "Jardin de Marie" restaurant we will explore the **Tour Magdala** and the **Church of Mary Magdalene**, and their astounding mysteries.

The views are spectacular and the mysteries tucked deep within the fabric of this enchanting village are not to be missed. The quaint book shop, pottery and gift shop are well worth a visit. Return to Carcassonne and dinner on your own.

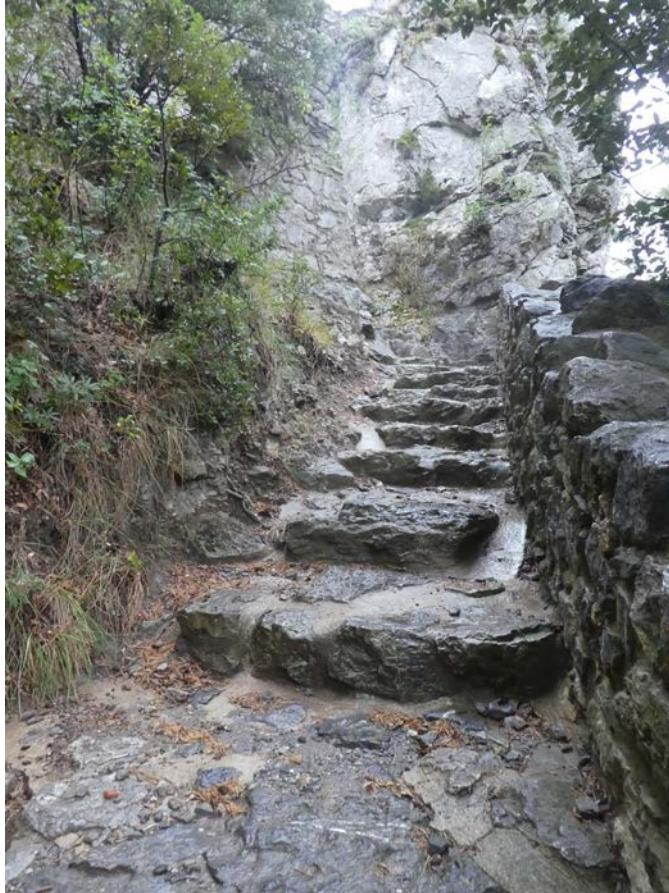

Day 6 ~ Wednesday, June 17. PUILAURENS , GORGES de GALAMUS(B)

After breakfast, we drive through the stunning, ancient country side to visit the **Chateau Puilaurens**, a Cathar castle and Grail castle. Puilaurens is one of the best-preserved royal fortresses in Cathar Country and offers an unforgettable glimpse into medieval history. Perched high in an evergreen forest, the views are forever and our reward for a moderate and meditative hike through the evergreens. Puilaurens provides a beautiful preparation for our journey to Montsegur the next day.

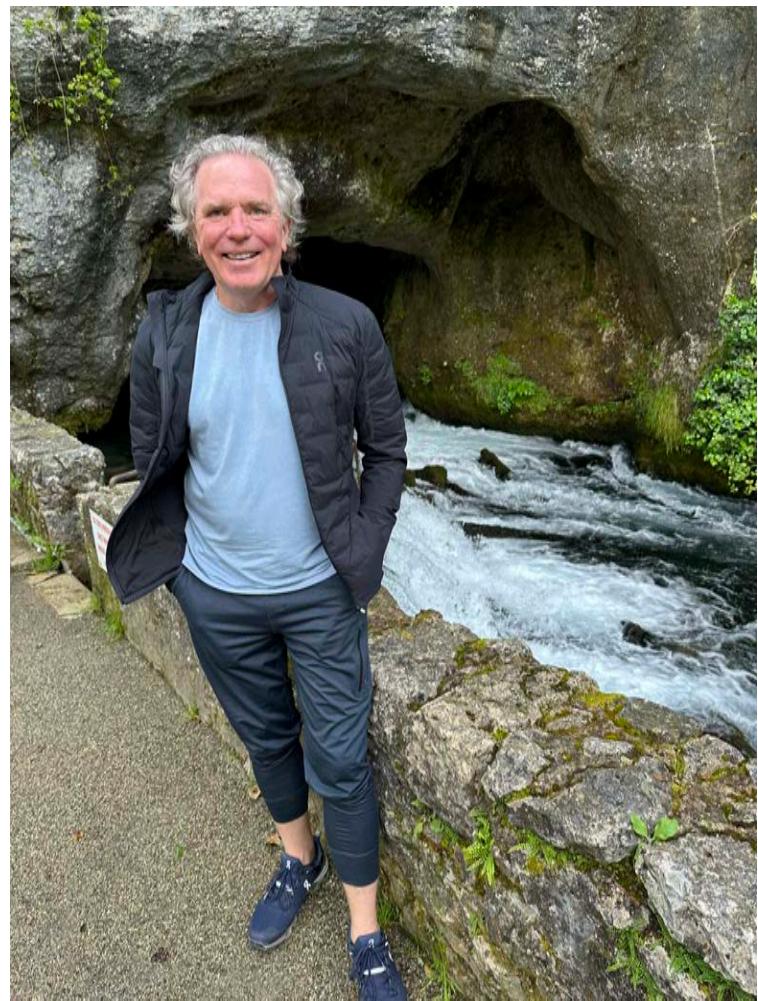

The path to Puilaurens is magical and so are the remains of the castle.

Connecting with the healing power and mystical mysteries of water continues throughout our journey.

Day 6 ~ Wednesday, June 17, cont'd

This magnificent day out continues with an amazing drive to the spectacular **Gorges of Galamus**. The views along the way, and upon arrival, are utterly breathtaking. We take an easy, meditative walk down to the sacred cave, the **Hermitage Chapel of St. Antoine**.

The ancients considered this special sanctuary in the rocks a portal into the spirit realm. For this reason it has long been home to spiritual hermits and pilgrims. Local legend believes Mary Magdalene taught here.

Today, it is viewed as one of the most beautiful and mystical power spots of the Pyrenees, situated half-way up a cliff with cold spring waters flowing beneath it in the narrow gorge, which originate from Mt. Bugarach.

Franciscan Monks took over the site in the 15th century, and made it a traditional place of pilgrimage. Easter is one of the more important celebrations here. For us, this sanctuary will not only offer each person a place for quiet reflection, but also an important moment to ask yourself if you are ready to step through the "next doorway", for a new experience within yourself, your life and the world around you.

Return to Carcassonne.

The cave chapel at Galamus where local traditions says Mary Magdalene once taught is a place of solemn gratitude and manifestation.

Day 7 ~ Thursday, June 18. MONTSEGUR (B,L)

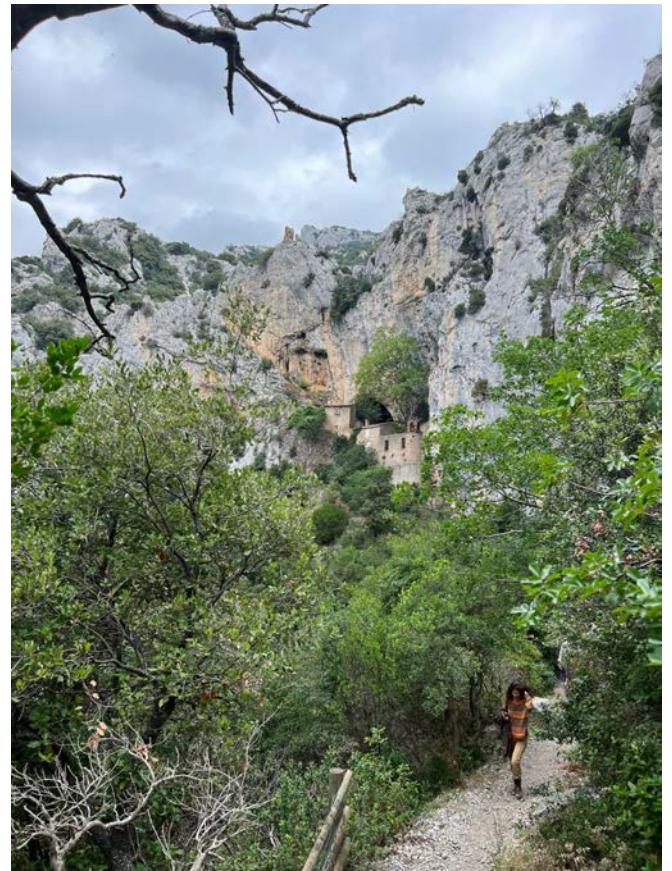

Today, we head to the famous Cathar castle of **Montsegur**, referred to as "the Grail Castle". This stronghold is where 200 Cathars made their "last stand" and were burned rather than renounce their beliefs for those of the Catholic Church.

The night before, legend says, several Cathars escaped down the most dangerous ledge of the Castle by ropes to safety, with their sacred treasure. The exact nature of the "treasure" is unknown. Some surmise that it was the Grail Stone or Cup, while others propose it was the mystical gospel of John or the "Book of Love" that the Cathars considered their "treasure".

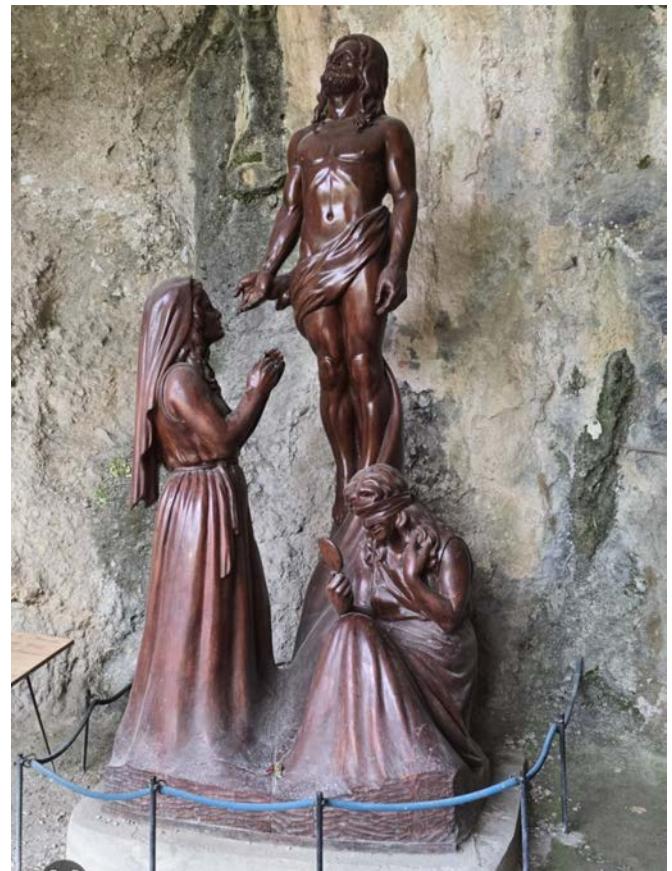

Our semi-steep, but do-able, ascent to **Montsegur Castle** gives us a new perspective on ourselves...and a reason to celebrate! As well as drinking in breathtaking views, we tap into and honor the Cathar's courage and wish the same dedication for all beings. In this special moment, we have the opportunity to recalibrate our lives and step beyond where we've been. A moment of quiet reflection at the peak of this famous mountain might be a perfect choice. After, we celebrate with an incredible lunch at a favorite restaurant in the charming town of Montsegur.

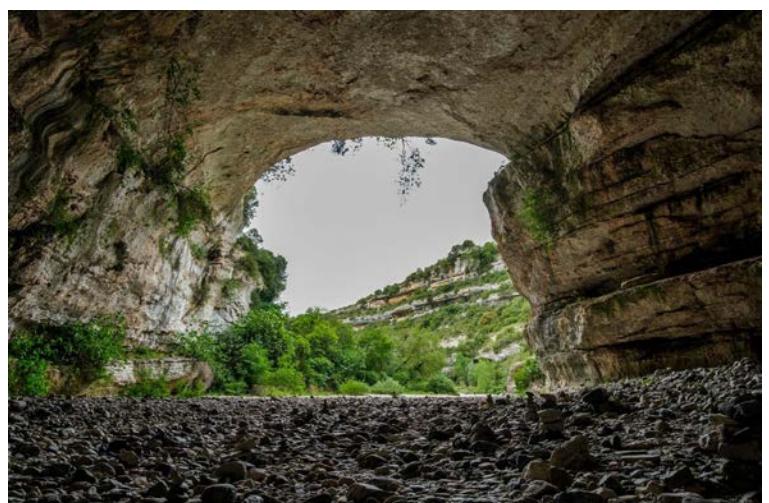

William's story about one group's experience on the path to the cave chapel with the woman at the top right is practically worth the price of admission of the tour. At this Magdalene 'hot spot' we will explore the statue of the priestesses with the mirror and the ascension of Christ and its connection to the symbolism behind Hathor's Mirror in ancient Egypt. The mirror was considered a gate way to the divine and was used to connect with higher worlds.

Day 8 ~ Friday, June 19. MINERVE

Today, we head to the Cathar's sacred city of Minerve, the place some call the Cathar Camelot. Minerve is a spectacular medieval village which is one of the landmarks of the Way of Love and was once the site of the most extensive teachings in Cathar Country, the Book of Love. The village is classified as one of the Most Beautiful Villages in France. After lunch on our own at a village restaurant we make our way to our 5* hotel, the Jules César Arles Hotel&Spa-MGallery, in Arles. (B)

The Jules César Arles Hotel & Spa-MGallery is housed in a former convent dating from the 17th century. Residing in the dynamic city heart, we'll enjoy two balmy summer nights enjoying the sites and ancient vibes of Arles. Its also conveniently located near Saintes Maries-de-la-Mers and St. Baume.

Meander into antiquity at Arles Roman theater, just five minutes from our hotel. A radiant glimpse into the past, with wonderful shops and restaurants to enjoy. The Foundation Vincent Van Gogh is just around the corner, too.

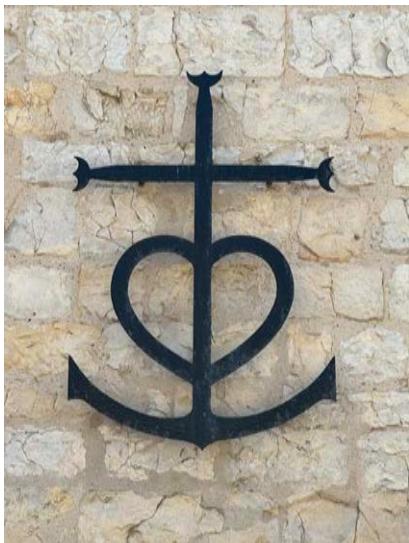

DAY 9 ~ Saturday, June 20 ST. MARIES-DE-LA-MER. (B. D)

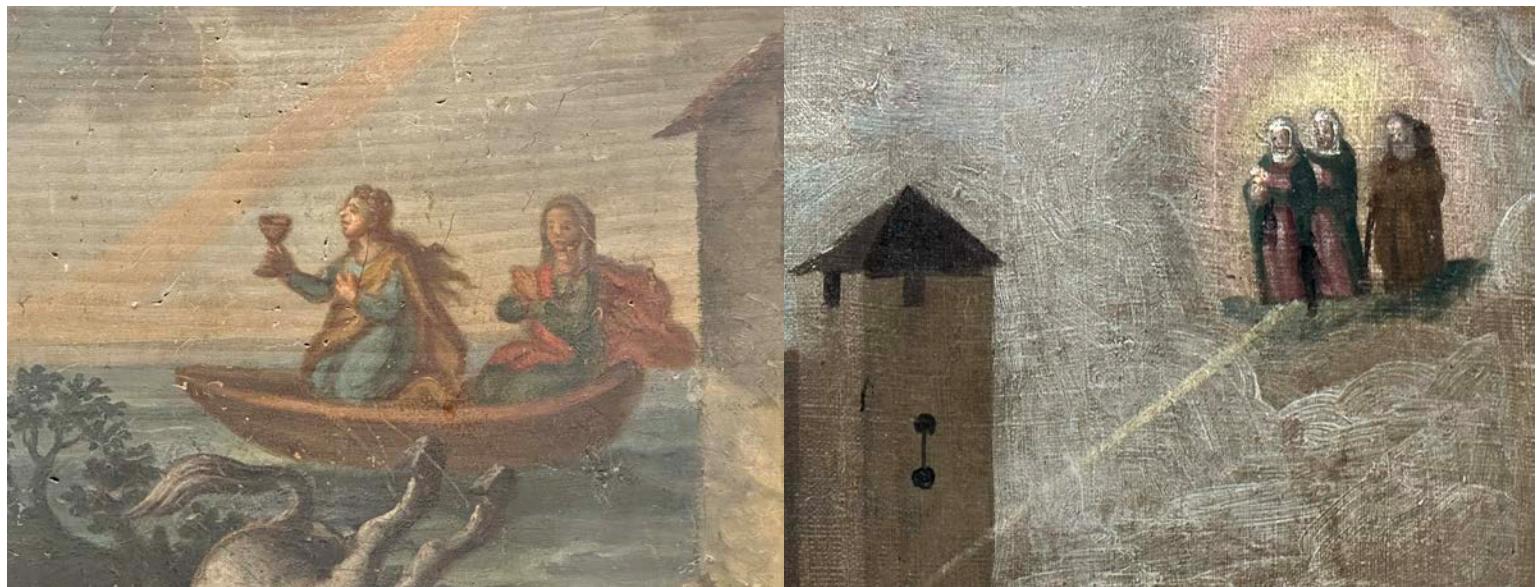

After breakfast, we drive through the marshlands known as “the Camargue” where the famous wild white horses and black bulls roam, to the legendary village of **Stes. Maries-de-la-Mer**, the location on the Mediterranean Sea where Mary Magdalene came ashore, together with other members of the Holy Family and disciples of Jesus. The town is named after “the Marys” who accompanied her; Mary Jacobe and Mary Salome, who were part of the Holy Family went everywhere with Jesus (including the ascended realms).

This beautiful seaside fishing village exudes charm and glimmers with sunshine and a festive Spanish vibe. We'll visit the stone Romanesque 12th century church, **Eglise des Stes-Maries**, built on the site of an ancient Greek temple dedicated to Artemis. It is dedicated to the two Saint Maries and Saint Sara, the daughter of Jesus and Mary Magdalene, and the patron saint of gypsies, whose statue graces the crypt.

From the roof we'll enjoy a spectacular view of Saintes-Maries-de-la-Mer and the sea while contemplating the story of the Holy Family's arrival. After, we'll have a contemplative meditation on the beach followed followed by free time for lunch on your own and explore the village.

Return to Hotel. **B, D**

BEYOND SIGHT SEEING

According to the Tradition of Provence, Mary Magdalene, Lazare of Bethany, and Maximinus, one of the Seventy Disciples and some companions, on the run from the Romans from the Holy Land after the Ascension of Christ, traversed the Mediterranean in a frail boat with neither rudder nor mast and landed at the place called Saintes-Maries-de-la-Mer, near Arles. With them they brought the Elixir of Elixirs, and says French tradition, the daughter of Jesus and Mary Magdalene. This Tradition is considered absolute Fact in Provence whose residents consider the Cave of Mary Magdalene to be the third most important Christian site after Jerusalem and Magdala. From here, Magdalene was transported seven times a day by angels into the presence of God, "where she heard, with her bodily ears, the delightful harmonies of the celestial choirs.

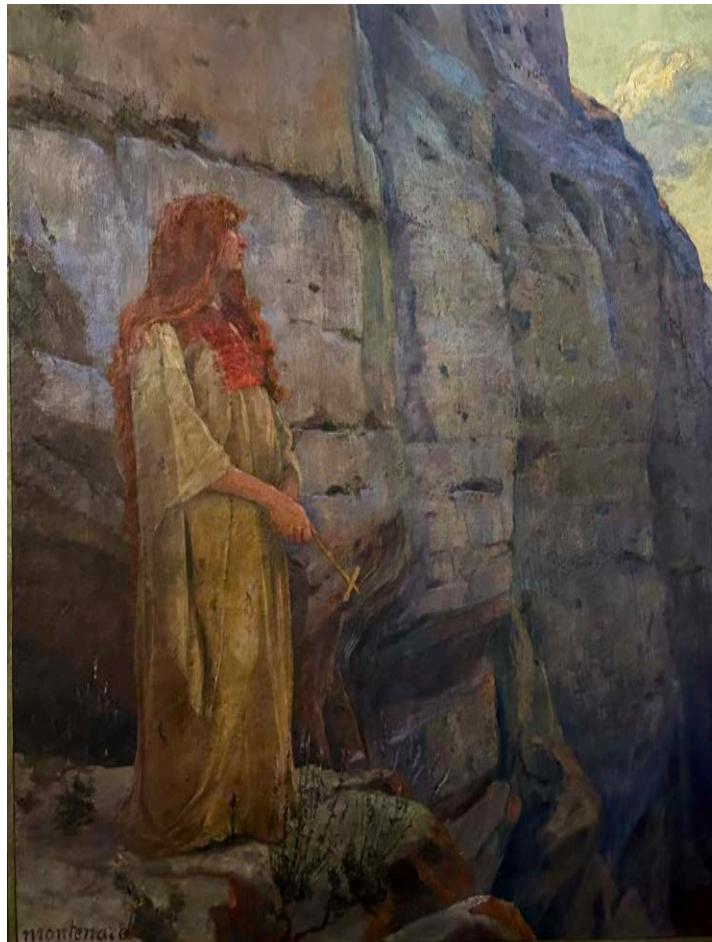

Our journey is an immersion in the lost esoteric teaching of Jesus **and** Mary Magdalene, which she taught at this cave and for which the popular thirteenth century French chronicler Jacobus says, she earned the distinction *luminata* and *luminatrix* – the Illumined and Illuminator.

DAY 10 ~ Sunday, June 21 St. Baume (B,D)

Are you ready to connect with Mary Magdalene in a deeper way then ever? Today, we depart our hotel in Marseilles and take a magical, mystical journey to **Mary Magdalene's Ascension Cave in St. Maximim-Le-Sainte Baume**, the cave/cathedral where Mary Magdalene lived for 30 years and from which she ascended. One of the most sacred places on earth, Magdalene's sanctuary is one of the oldest places of pilgrimage in the Christian world. It is here that she would have communed with the ascended Christ.

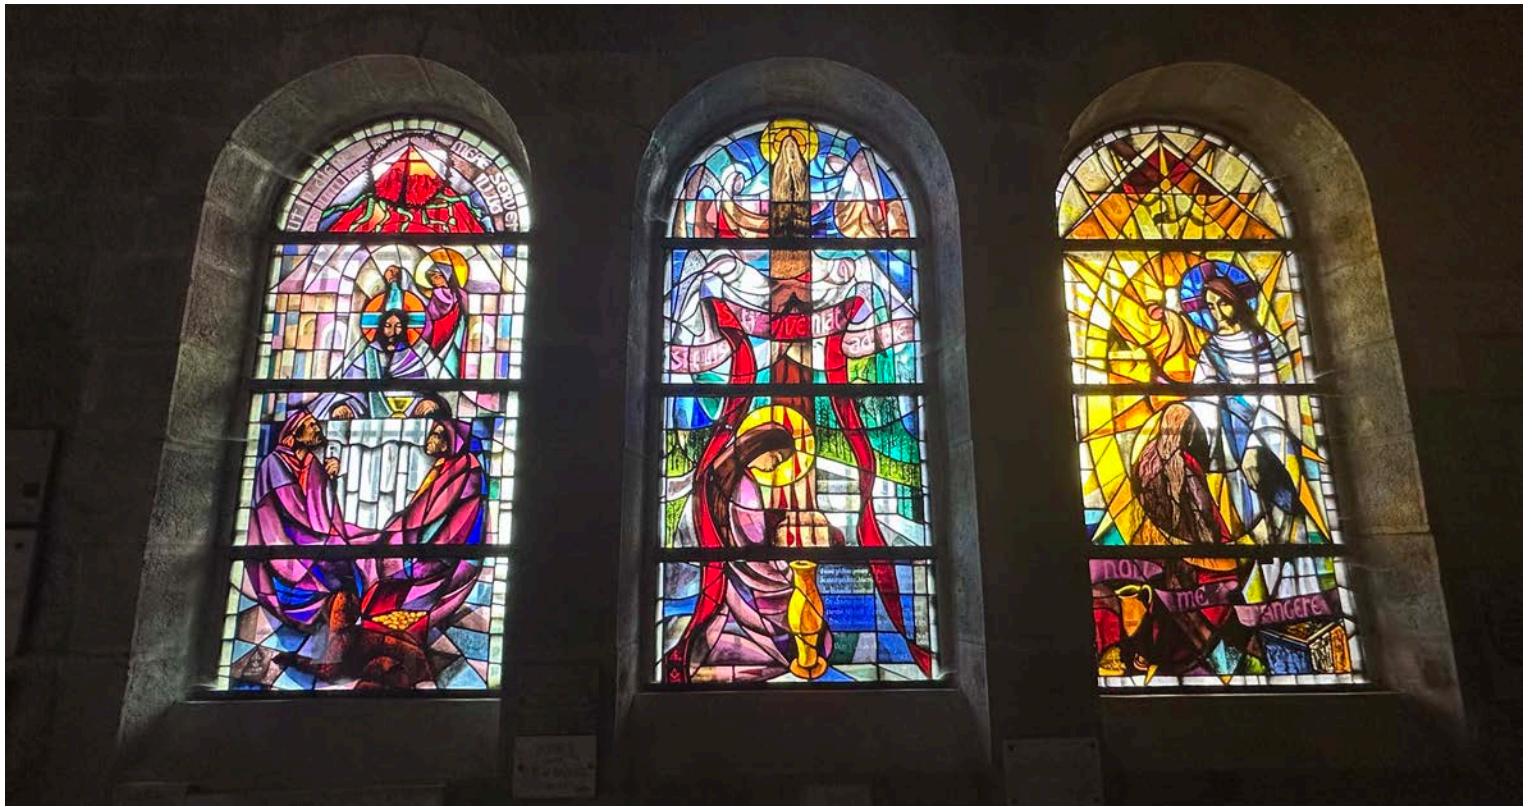

Upon arrival, we will see the cave appearing as if it is hanging in the rocks. We will ascend upon a serene, smooth path built for the Kings of France through an ancient and lush forest. The trail is up, up, up, but all can reach it at their own pace. It is such a powerful, and uplifting, meditation. The special energy in the air is palpable. Looking up at the mountain at the end of our hike, enjoying a relaxing lunch, we will be amazed by what we have seen and experienced.

Before visiting her cave we will pay a visit to the Hostellerie de la Sainte Baume to see the extraordinary set of wall-sized paintings featured there. They have such a special feeling. Suspend your disbelief for a moment, and you feel like you are with Mary Magdalene herself.

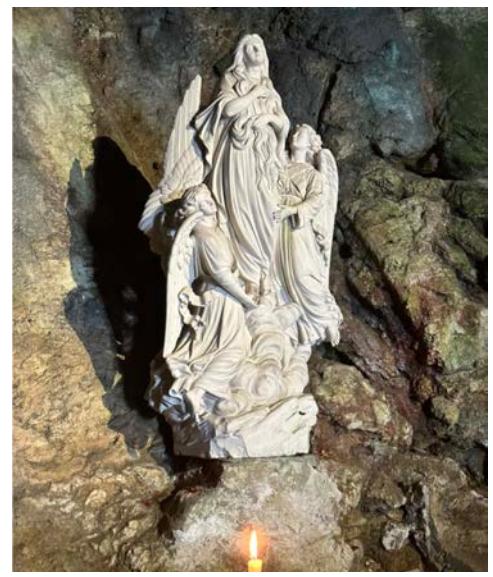

Magdalene's Cave is home to a remarkable set of highly esoteric stained glass windows, which we will enjoy decoding.

*The special energy in the air of **Magdalene's Ascension Cave** is palpable. You are speechless when you step into the **Grotte**. Lit with candles, it is utterly beautiful and peaceful. Gorgeous stained glass windows transmute the Sun's light in this place of silence and reflection. Then there is the breathtaking view of the valley below, which is absolutely Spectacular. Mary's presence is everywhere.*

DAY 10 ~ ST. BAUME CONTINUED. Saint-Maximin-la-Sainte-Baume

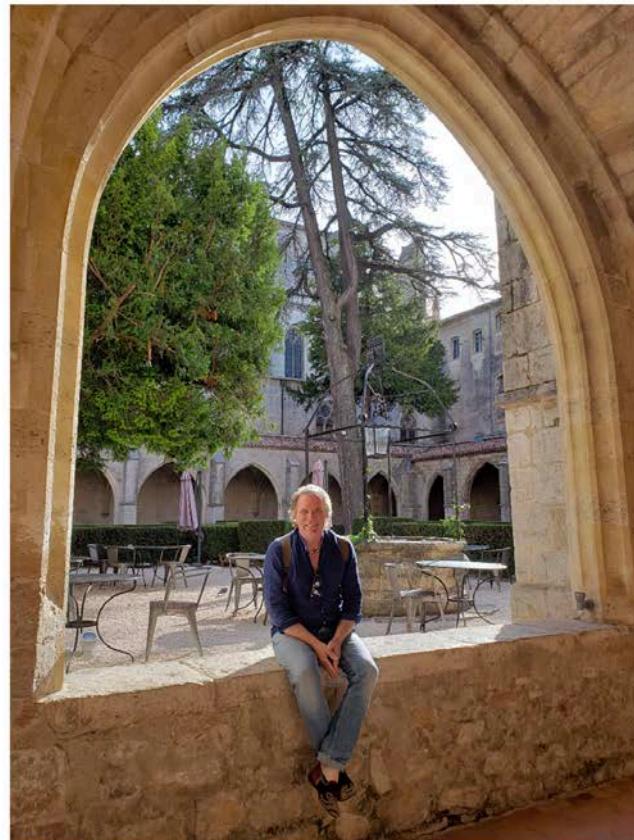

After St. Baume, we visit the **Basilique Sainte-Marie-Madeleine in Sainte-Maximin-de-la-Baume, Provence**, which is home to an astounding treasure - the gold sealed skull of the Magdalene herself.

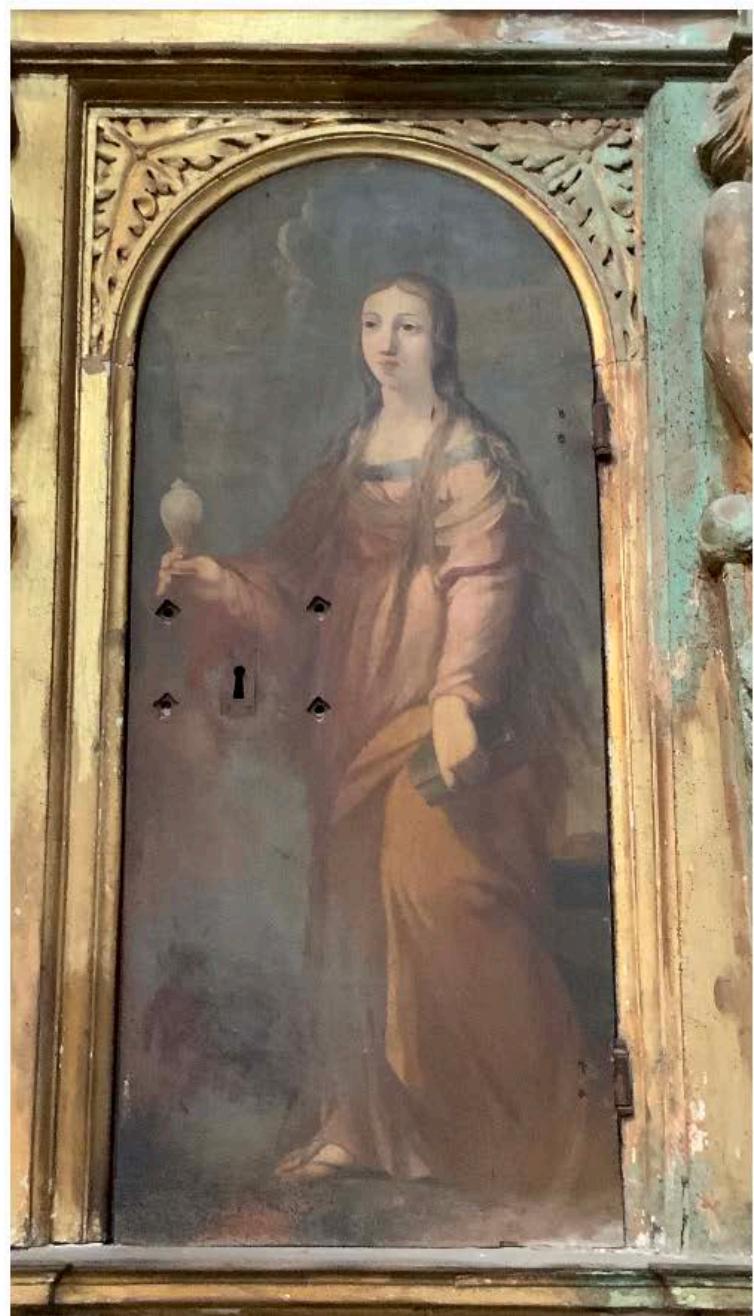

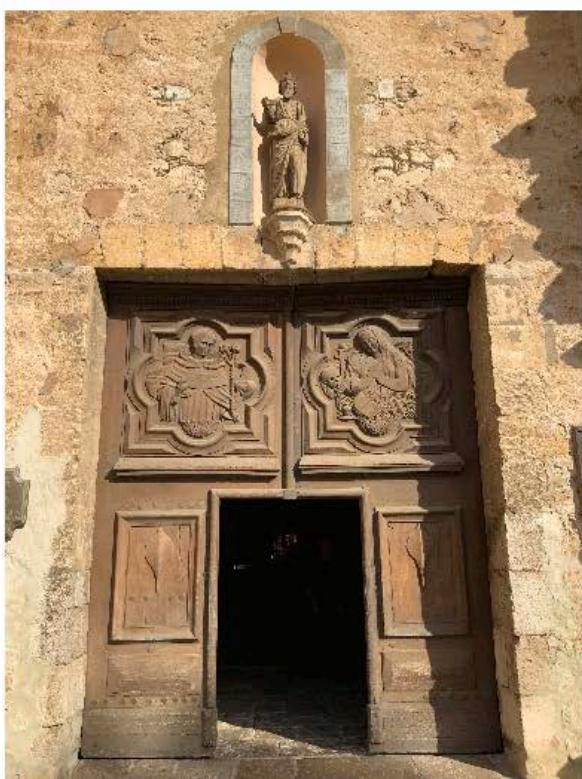

The Basilica sits prominently in the center of town, soaring far above its neighboring shops, restaurants and residences. Seen miles away in all directions it has been a beacon for centuries of pilgrims.

A spiritual and heavenly ambience pervades this magnificent space - including the enormous ancient organ, heavenly flying buttresses, beautiful choir stalls and woodwork, extremely old paintings and sculptures.

We will visit the **crypt** to see the stone coffin in which the Magdalene's body was interred for many centuries. Her skull is enshrined and on display in the crypt in a golden display. A walk around the **cloisters** will fill our spirit.

After, we depart for our hotel at the Marseilles Airport to prepare for our journey onwards.

DAY 11 ~ Monday, June 22 MARSEILLES. (B)

Today, we depart for home from the Marseilles Airport. With the living waters and the elixir coursing through our beings we take our place among the lineage of initiates who carry the secret of the Marys.
