Starwalker Egypt 2026

Dear Fellow Star Walker,

Welcome to Egypt — land of eternal light, mystery, and ancient wisdom. We are absolutely delighted to have you join us for this extraordinary journey through sacred time and space on William Henry's *Starwalker Egypt Tour*.

You are now part of a group of seekers, dreamers, and initiates — modern-day *Starwalkers* — individuals called to awaken the ancient memory that lives within the heart and soul. The *Starwalkers* are those who walk between worlds: the physical and the spiritual, the earthly and the celestial. They are guided by light, aligned with higher consciousness, and committed to personal and planetary ascension. On this tour, you will connect deeply with this sacred lineage.

Throughout this immersive experience, we will walk in the footsteps of the ancient adepts — exploring Egypt's timeless temples, decoding sacred symbols, and activating star knowledge encoded in stone. From the towering majesty of the Great Pyramid to the mystical halls of Dendera, Edfu, and Karnak, every site we visit offers a gateway into profound spiritual insight and transformation.

Each temple was constructed not just as a physical place of worship, but as a stargate — a harmonic portal designed to elevate the human soul and reawaken our divine potential. As we stand within these sacred spaces, we will reflect, meditate, and reconnect with the higher energies that the ancients preserved for us.

This is more than a tour — it is a sacred initiation. A chance to remember who you are, why you came, and where you're going.

Get ready for inspiration, illumination, and unforgettable moments of awe. We are honored to walk this sacred path with you.

With Light and Gratitude,

William Henry & the Starwalker Team

ITINERARY

MARCH 30-APRIL 10, 2026

Day 1, Monday, March 30 - Arrive Cairo

Upon arrival at **Cairo Airport** you will be met by our Abercrombie & Kent tour manager who will assist you through customs and immigration before transferring you to your luxury accommodations at the **Marriott Mena House Hotel**. It is literally across the street from the Great Pyramids of Giza. Within the lush, enclosed grounds, you will feel like you are on a Hollywood movie set or at a rich oasis. We'll have an opening meeting, then we will enjoy our first evening together.

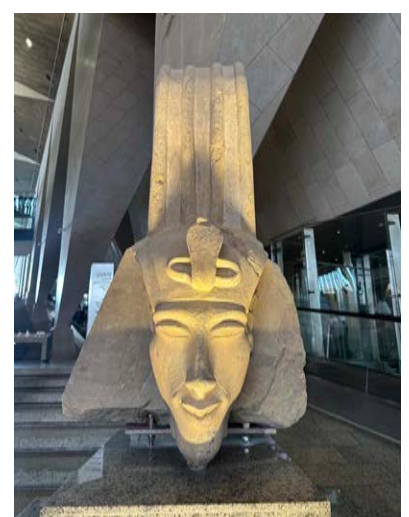

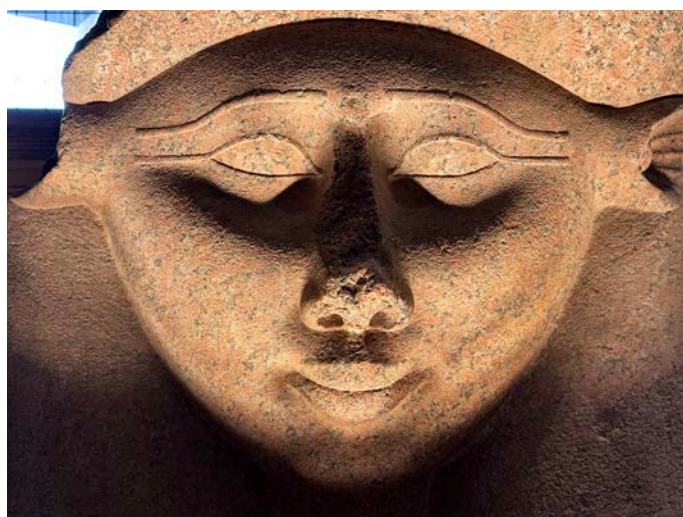

Our expectations are high for your comfort. Our choice of 5 star hotels and Nile boat reflect this. The Sanctuary **Sun Boat III** is simply the finest luxury yacht on the Nile.

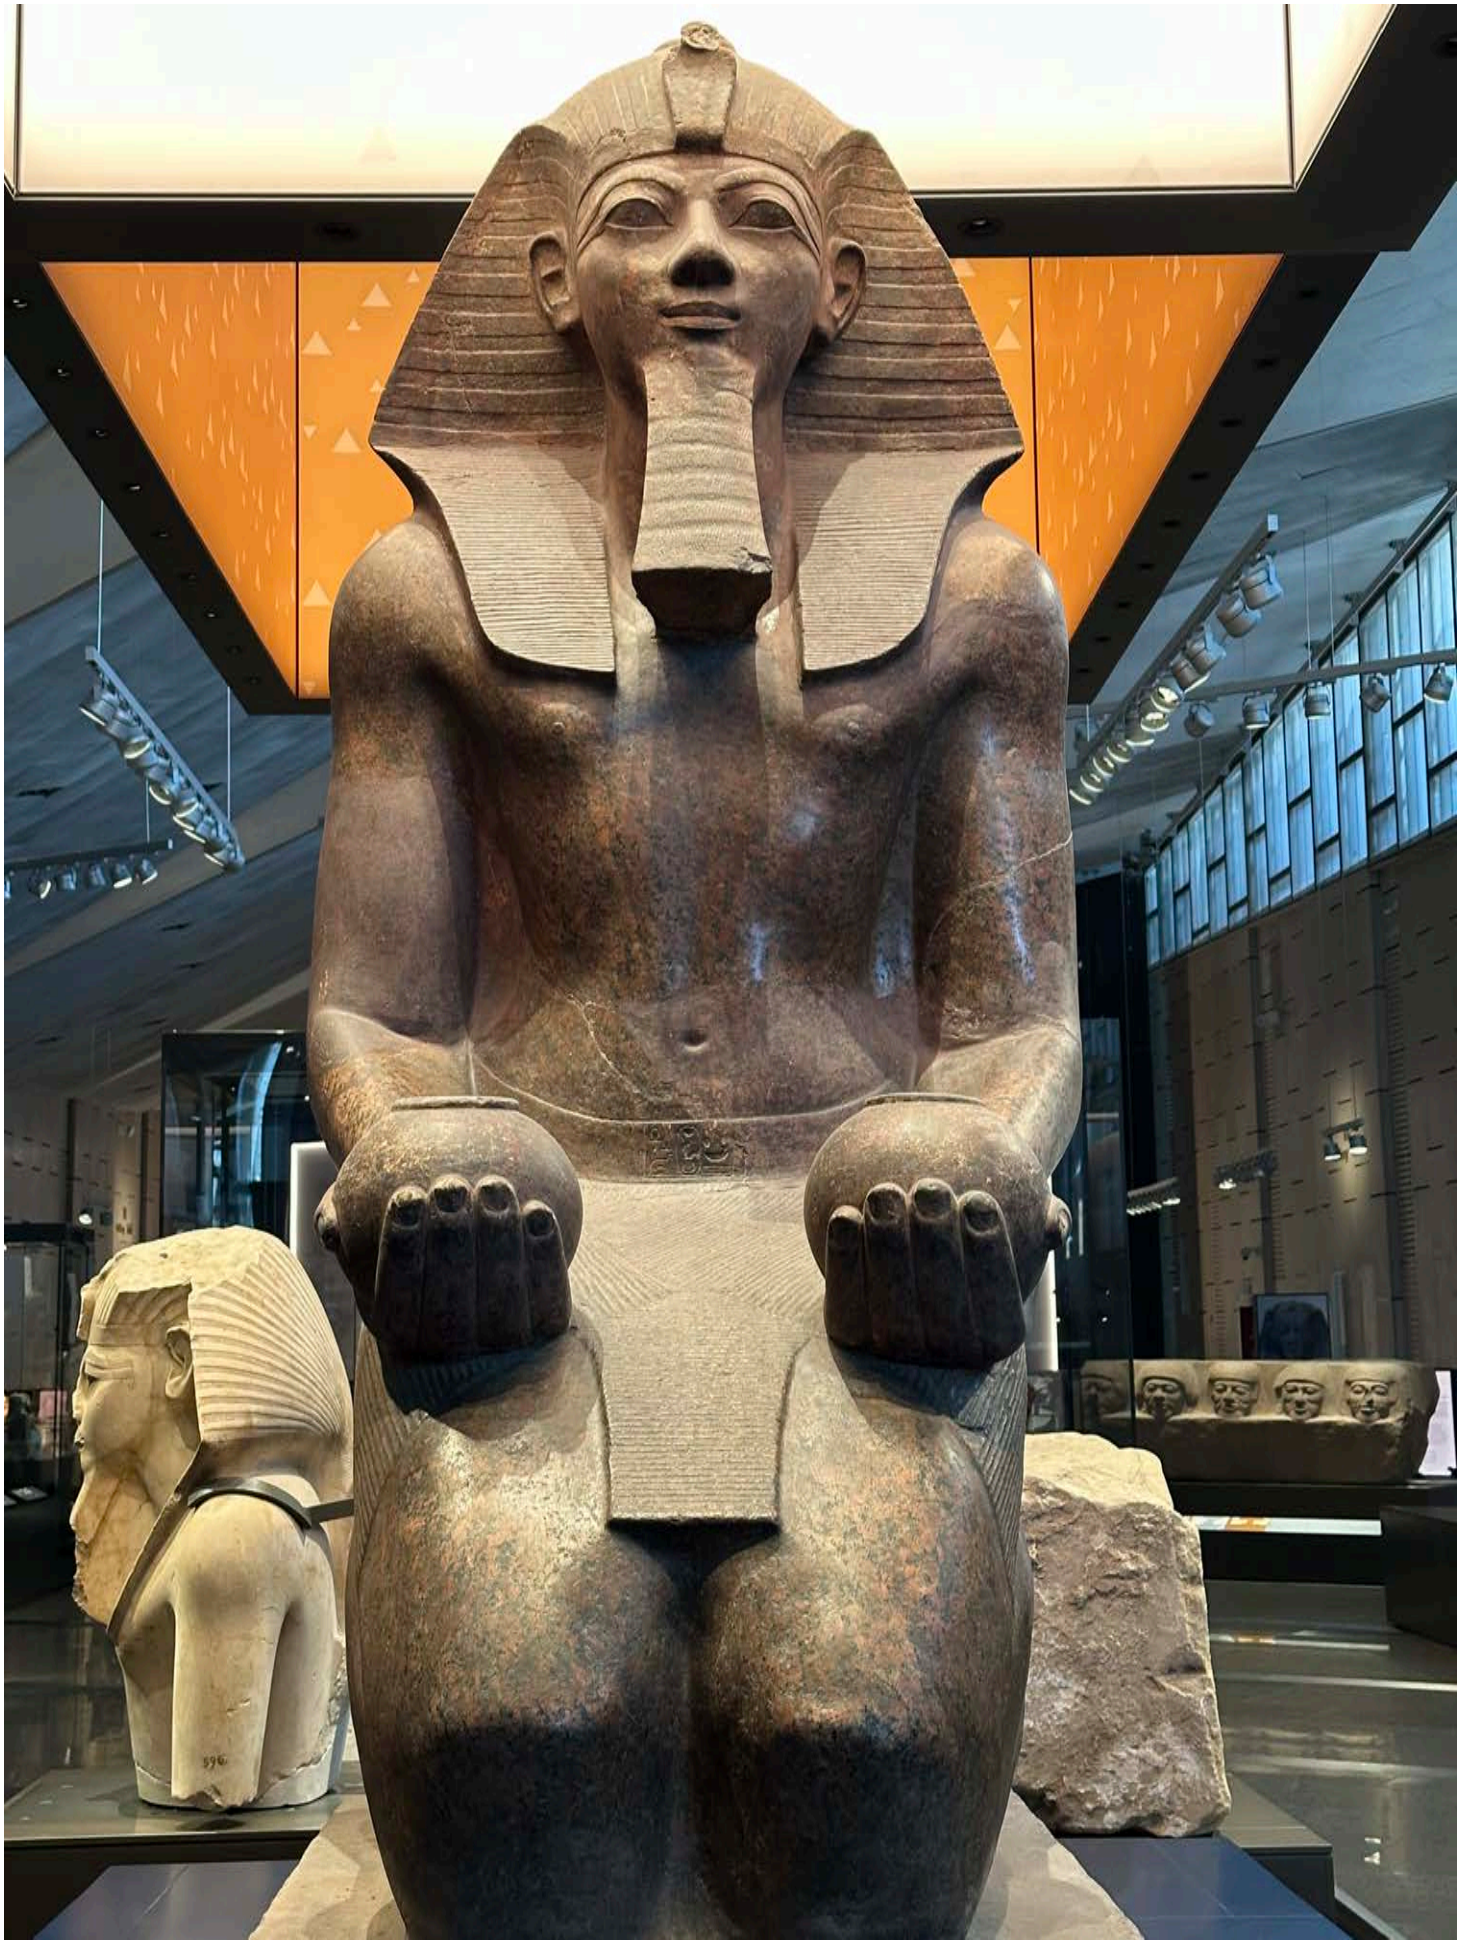

The Mena House Hotel. Historic and beautiful views.

Day 2, Tuesday, March 31 - Grand Egyptian Museum.

We begin our journey with a visit to the incredible **Grand Egyptian Museum**. Costing more than \$1 billion, the museum house some of the country's most precious relics. Its expansive, glass-fronted building offers sweeping panoramas of the Giza plateau and Great Pyramids, which stand just over a mile away. We come face to face with amazing masterpieces of ancient Egypt. This is a wonderful way to begin your connection (or reconnection) with the energies of this sacred land. On the way back to the hotel we enjoy a visit to one of Egypt's greatest treasure troves of museum quality jewelry and statuary. Overnight Mena House. (B,L)

Day 3, Wednesday, April 1 - Saqqara / Serapeum

Today, we visit **Saqqara**, the original **'Starwalker Mystery School'**. This magnificent site includes the Step Pyramid or 'Stairway to Heaven', Old Kingdom tombs, including those with the *Pyramid Texts*, the oldest religious texts in the world, which tell the story of the pharaoh's transformation into light and resurrection journey to the stars. We'll also visit the Unas Pyramid site and walk the beautiful causeway or 'path of the initiates'. (B,L)

The magic of ancient Saqqara, home of the resurrection mysteries.

Day 3 continued, Saqqara / Serapeum

At Saqqara, we continue on to the awe-inspiring **Serapeum**. Dedicated to the Hellenistic-Egyptian God Serapis, who combined aspects of Osiris and Apis in a humanized form that was accepted by the Ptolemaic Greeks of Alexandria, the Serapeum features extraordinary stone boxes that exemplify the 'impossible' precision of the ancient artisans. Are these tombs for bulls, as Egyptologists say? Or, could they actually be transformational devices as is now believed?

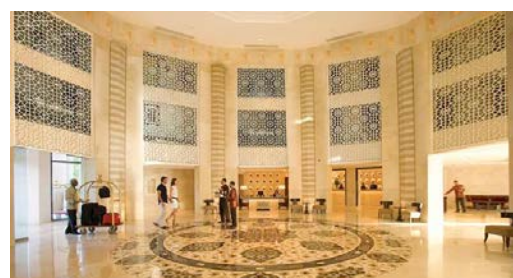

Lunch at Saqqara Palm Club will be served in the beautiful garden oasis, followed by a stop at one of Saqqara's best carpet schools.

Explore the magnificent and mysterious 80 plus ton stone boxes in the Serapeum.

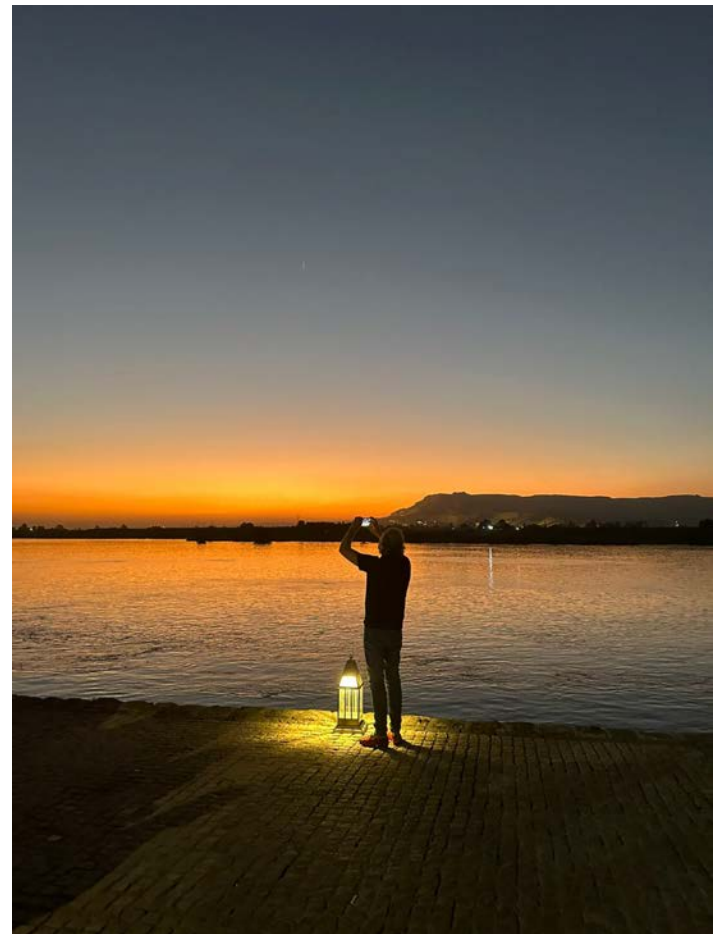

Day 4, Thursday, April 2 - Luxor

Today, we **transfer to Luxor**. From our base at the **Hilton Luxor Resort & Spa** we will now explore the amazing city of Luxor. The Hilton is on the banks of the Nile, overlooking the Valley of the Kings and Hatshepsut's Temple. We settle in at this incredible jewel, giving you the opportunity to feel at home and experience this extraordinary place and relax by the Nile. We think you'll agree it's more like a luxury temple than a hotel! Overnight at Hilton Luxor. **B, L**

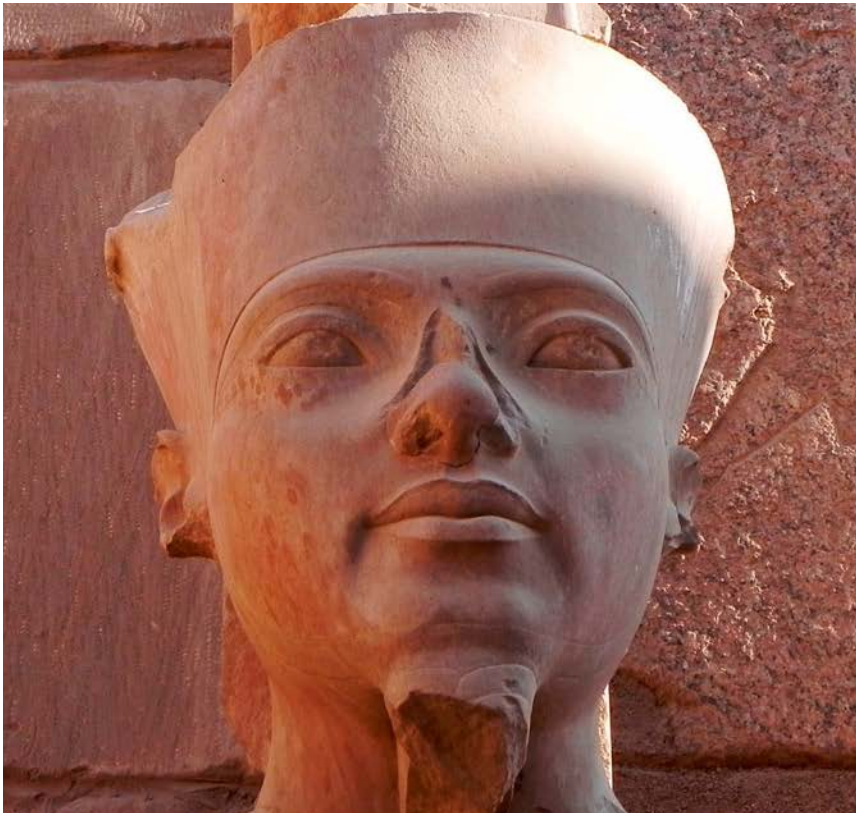

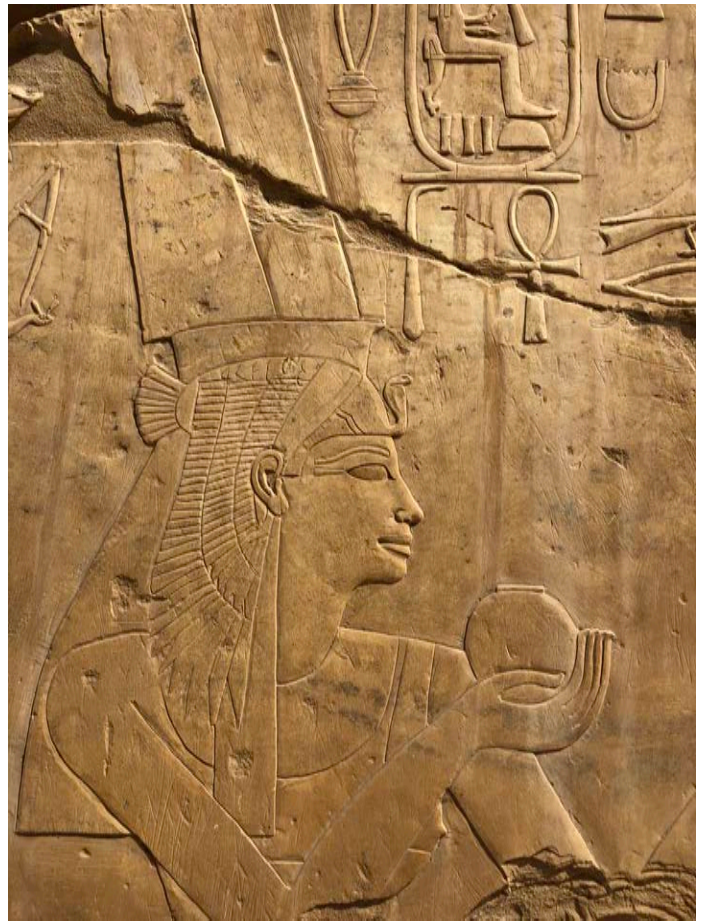

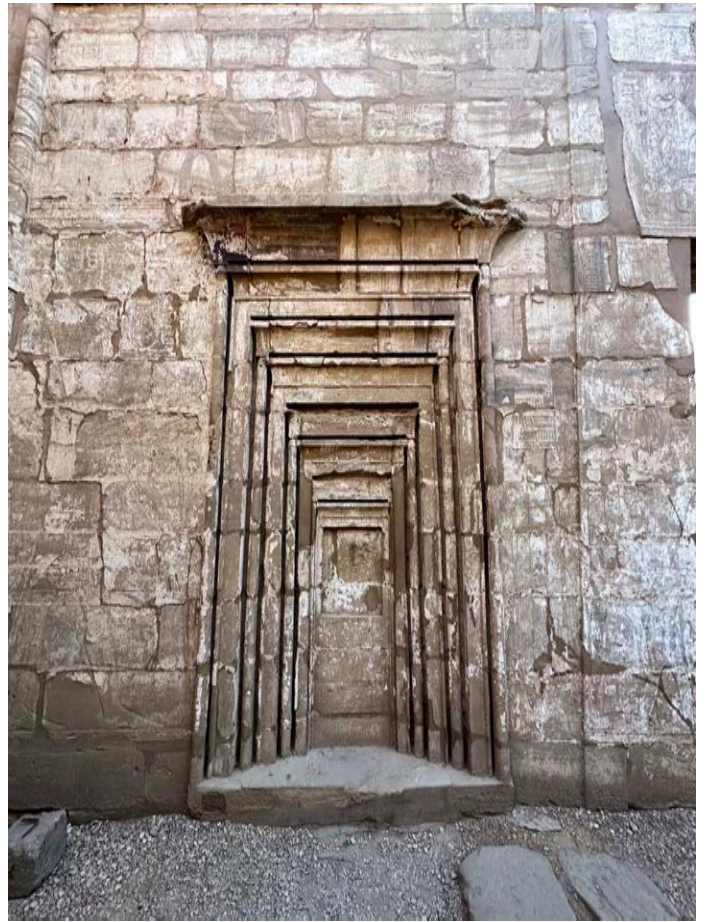

The spectacular sunrises and sunsets at the Nile Hilton are matched only by the sight of the balloons lifting off from the West Bank across the Nile at sunrise. Ask about how you can take a balloon ride.

Day 4, Thursday, April 2 - Karnak Temple

Today, we visit **Karnak Temple**. This site is vast and awe-inspiring. Often, we find places that we like to return to again and again...and again. Karnak is certainly one of these places. Is it the light? The sacred lake or the light 'Beings' in the temples? The ring of the obelisks? Or is it the energy? The majestic power? The artistry? The history? It is everything!

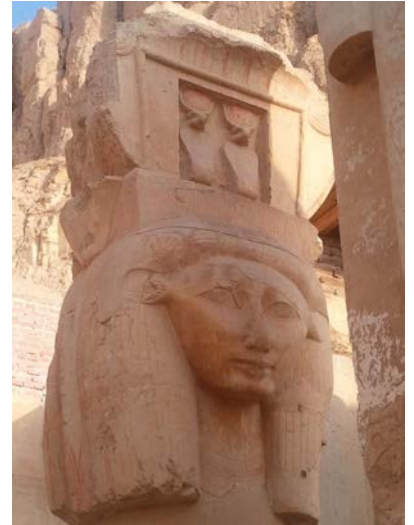

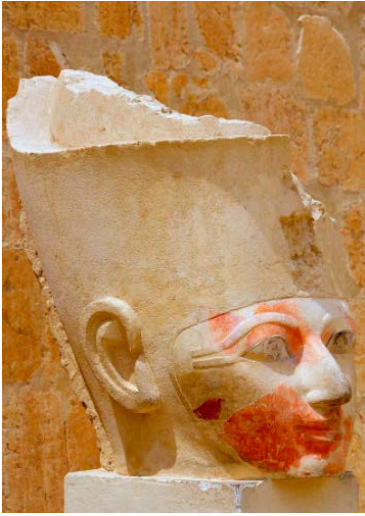

The 3,500 year old 'living' statue of Sekhmet in the Ptah Chapel at Karnak is full of wonder, in an esoteric way. Over the years, guests have captured interesting phenomena on their mobiles in this powerful chapel. Sekhmet loves to play and almost comes to life, a living icon. J

Day 5, Friday, April 3 - West Bank / Deir el Bahari

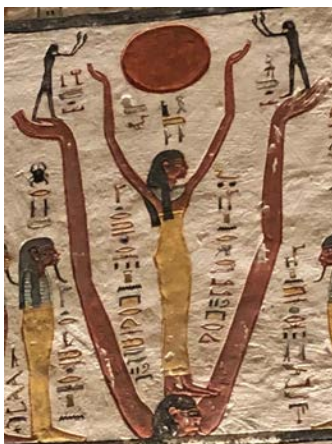

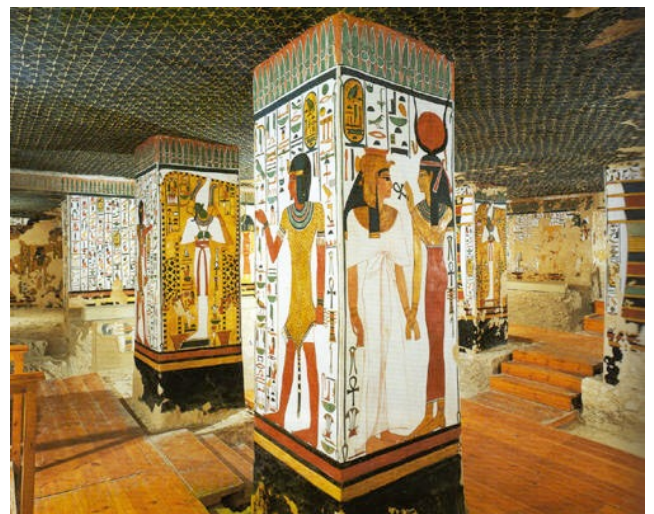

Today, we make a pilgrimage to the West Bank of the Nile to visit **Deir el Bahari**, the funerary temple of the female pharaoh **Hatshepsut**. Here, we learn the story of the star child who became the first female pharaoh and married a commoner who discovered the secret of transfiguration. We also connect with the ascension mysteries of Hathor. After lunch we visit the extraordinary **Valley of the Kings** and the **Valley of the Queens**. **B, L**

Day 5, continued- Valley of the Kings

We also visit **the Valley of Kings**. Here are the tombs of Ramses III and VII, Tuthmosis III, and many others. **Optional visits to the incredible tombs of Tutankhamun, King Seti I and Queen Nefertari will be offered (if available).**

Day 5, Continued

After the Valley of the Kings, we will enjoy a visit to the **Colossi of Memnon**. Weighing over 600 tons (!) each, these astounding giant statues are truly mind blowing. Known as the 'ringing statues', they were created in 1350 B.C. by the mysterious Amenhotep, Son of Hapu, a mystical sage who some believe came from Tibet. William's research into this figure, shared during his presentations, takes the ancient Egyptian ascension mysteries to whole new level of intrigue. We finish the day with a sunset visit to the fabulous **Medinet Habu**.

We will encounter Amenhotep, Son of Hapu (I) throughout our journey. Standing over 60 feet tall, these statues are the 'gateway' to the West Bank. More, we will explore the astounding story Amenhotep III who is immortalized in the Colossi.

Medinet Habu features astounding testimony to the exchange of miraculous substances and medicines between humans and the gods.

Day 6, Saturday, April 4— Luxor Temple

After settling in to the boat, we will enjoy a visit to the **Luxor Temple**. Nestled along the Nile's East Bank, it was here that Tuthmosis III studied the secrets of alchemy, Akhenaton contemplated the mysteries of the Aton, and Tutankhamun learned the secrets of ascension. We'll follow the path of the columns to the chapel of Alexander the Great and the sanctuary. **(B, L, D)**

Day 6, Saturday, April 4 – Nile Cruise

Today, we begin one of the great highlights of our tour. We sail upon our spectacular river yacht, *the Sun Boat III*. You will enjoy the ultimate Nile cruise experience with unmatched, *true* 5 star service and cuisine. The elegant *Sun Boat III* has just 18 cabins, offering a luxurious yet relaxed cruise on the Nile. Decorated in a contemporary style. Our private docks in Aswan and Luxor provide a serene environment.

Breakfast, lunch and dinner are included on the 4 nights and 4 days of the cruise, including sumptuous buffets, and delicious gourmet Egyptian dishes. The elegant ship's expert chefs can also cater to specific dietary needs of guests.

Time on the *SunBoat III* is spent in unrivaled luxury. We know how special this journey is for you and want you to have an exclusive and superb experience full of adventure, enchantment and enlightenment. **(B, L, D)**

Sailing on the Sun Boat III is truly elegant, but with a family room feel.

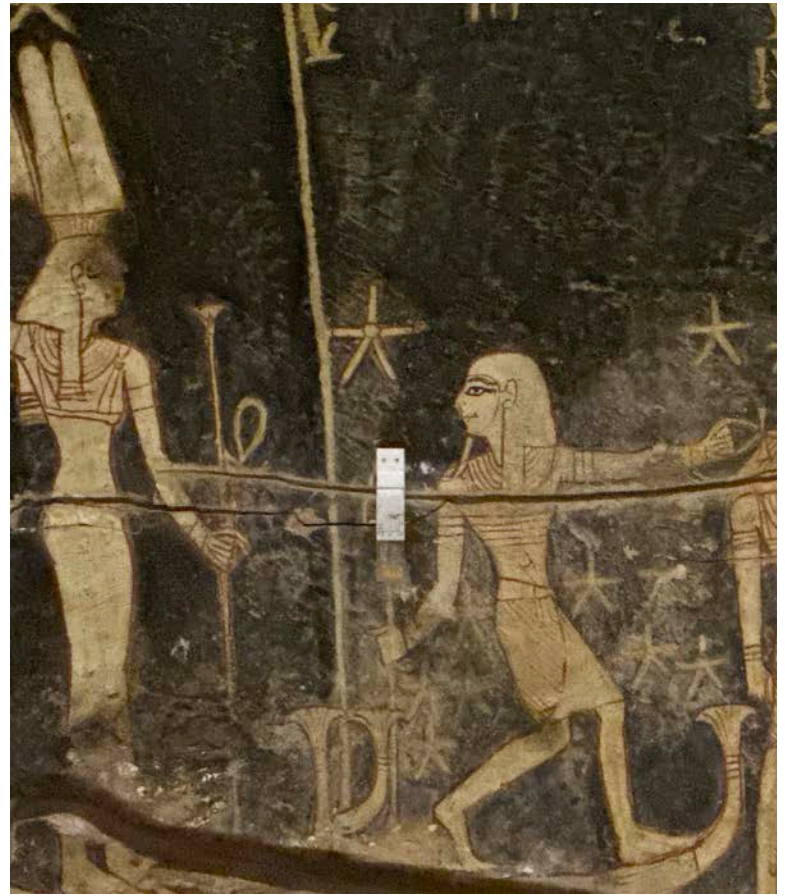

The Nile is a state of mind. Every journey along the Nile is, in a sense, a journey back in time, through thousands of years' worth of extravagantly rich history. The look and style of Sun Boat III adds another layer of luxury. Taking cues from the classic elegance of the 20s and 30s, this ship contains exquisite facilities, including a rooftop pool and wooden sun deck with canopied lounge beds. This beautiful classic small cruise yacht is listed as one of Condé Nast's Top 100 most beautiful boats in the world.

You will experience the ultimate in service, superb food, delightful staff, and exquisite amenities and discover why this boat is the choice of Harvard, Stanford, Yale and the Metropolitan Museum of Art for their Egypt tours. However, on board you will discover that William Henry's guests are the favorite of the crew.

Four suites are available, two Presidential and two Royal. Both are in bow position. *Please inquire at iamwilliamhenry@gmail.com for pricing.*

Lectures / Slide Shows

William's Starwalker-themed lectures are a highlight of the tour. We take advantage of our hotel's and boat's wonderful presentation spaces. These are relaxed and comfortable times for us all to gather, to share and to revel in our experience.

William has been leading tours in Egypt since 2003. During this time he has been at the right place at the right time to capture an astounding collection of images that will help you to connect with the Egyptian mysteries and how they relate to our ascension. (See William's Instagram page, [iamwilliamhenry](#).)

The presentations are also packed with William's personal photos from his explorations in Egypt, and at Egyptian museums around the world, including the Egyptian Museum, Cairo, the Louvre, the Metropolitan Museum, New York, The British Museum, the Egyptian Museum, Munich, the Egyptian Museum, Turin, Italy and many others. Not only are the images sensational, but so too are the insights that illuminate them!

From our first presentation about Ptah, to Akhenaton and the Religion of Light, to Atlantis and the Edfu Creation Texts, to the Mysteries of the Blue Lotus, to Hathor and the Divine Feminine, these talks will inspire and deepen our understanding of the ancient Egyptian ascension mysteries.

Day 7, Sunday, April 5 - Denderah

This Easter morning, we enjoy a peaceful drive through the Egyptian countryside to **Denderah** to visit the exquisite temple dedicated to **Hathor**, the goddess of abundance, love and joy. The Denderah temple is a complete record of the resurrection mysteries of Osiris and William will bring them to life on this deeply spiritual morning. On the rooftop where Hathor priests and priestesses gathered for their celebrations thousands of years ago, we reconnect to our destinies. With Denderah we begin our exploration of the incredible collection of Ptolemaic temples. Constructed between 300 B.C. and 50 B.C. all of these temples encode the mysteries of ascension of ancient Egypt. William reveals the multi layers of symbolism and how the ancient Egyptian teachings found fulfillment in the works of the Essenes and other mystics. Lunch box provided.

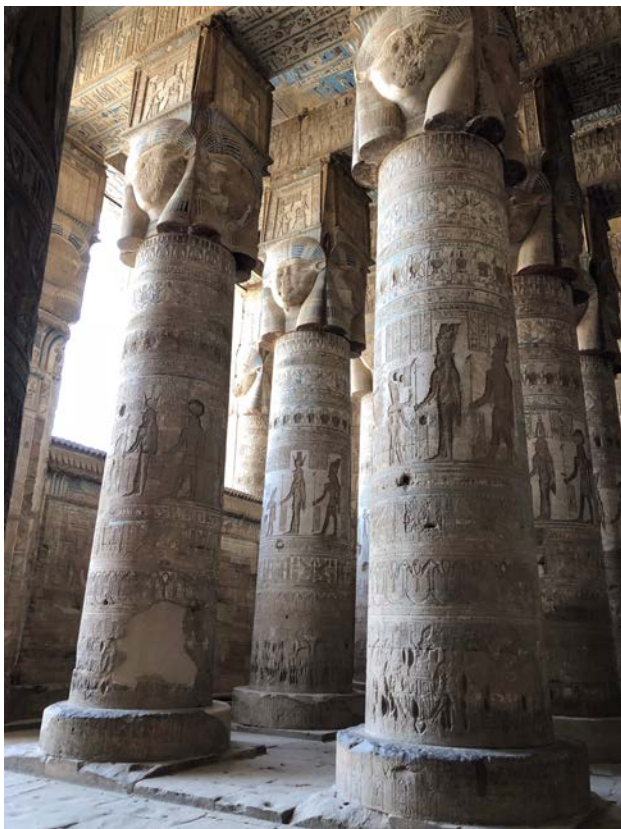

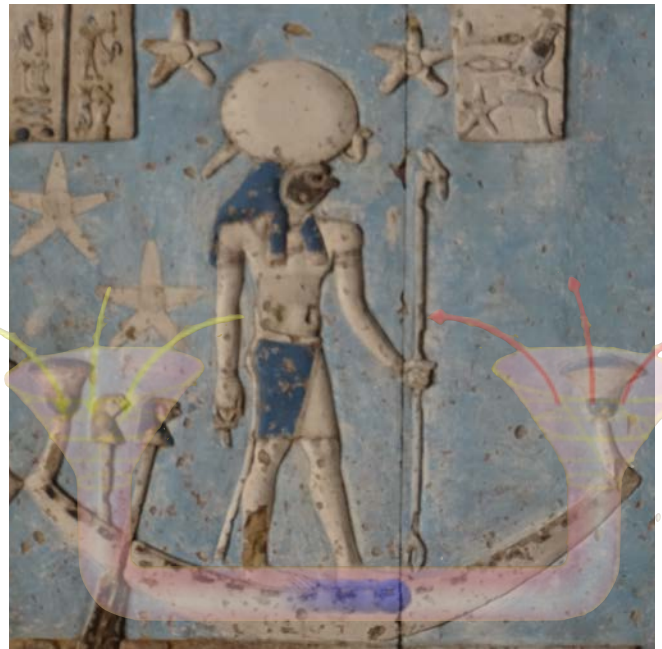

We then return to the SunBoat III for a day of sailing. **(B,L,D)**

William's original work on the wormhole-shaped Arks of the Millions of Years or Star Boats of Eternity at Denderah -- featured on 'ANCIENT ALIENS' has revolutionized our understanding of the light body teachings of Ancient Egypt.

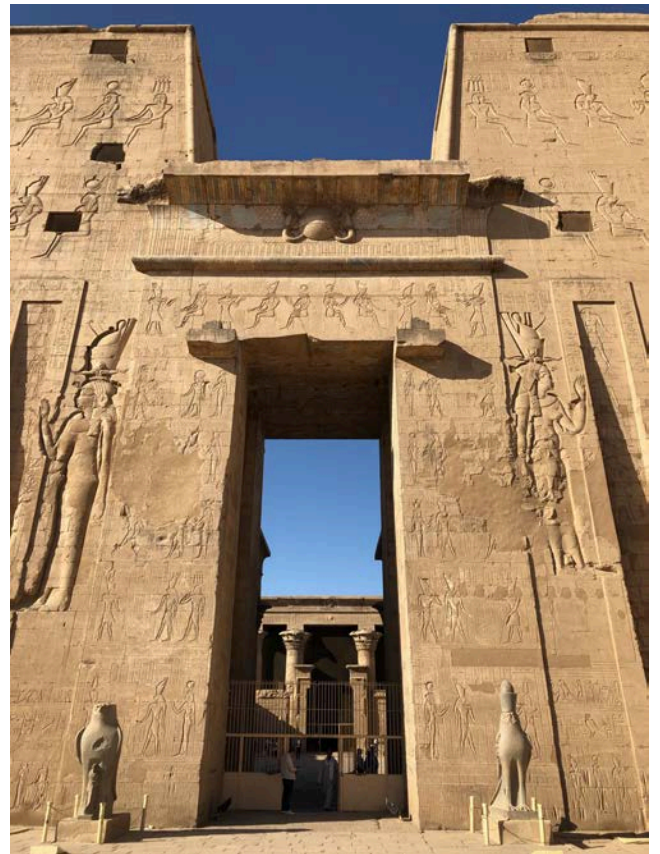

You'll be astounded to see the masterpiece ceiling at Denderah for yourself.

Day 8, Monday, April 6 - Edfu and Kim Ombo

Today, we sail for **Edfu** as we continue our exploration of the incredible collection of Ptolemaic temples. Constructed in 237 B.C., the Horus Temple encodes the mysteries of Horus, the Child of Light. Edfu is the home of the extraordinary 'Building Texts', which, as William first discovered and will elaborate, may be the source texts for Plato's story of Atlantis.

Enjoy leisure sailing time on board the *SunBoat III*, as well as a slide show from William. **(B,L,D)**

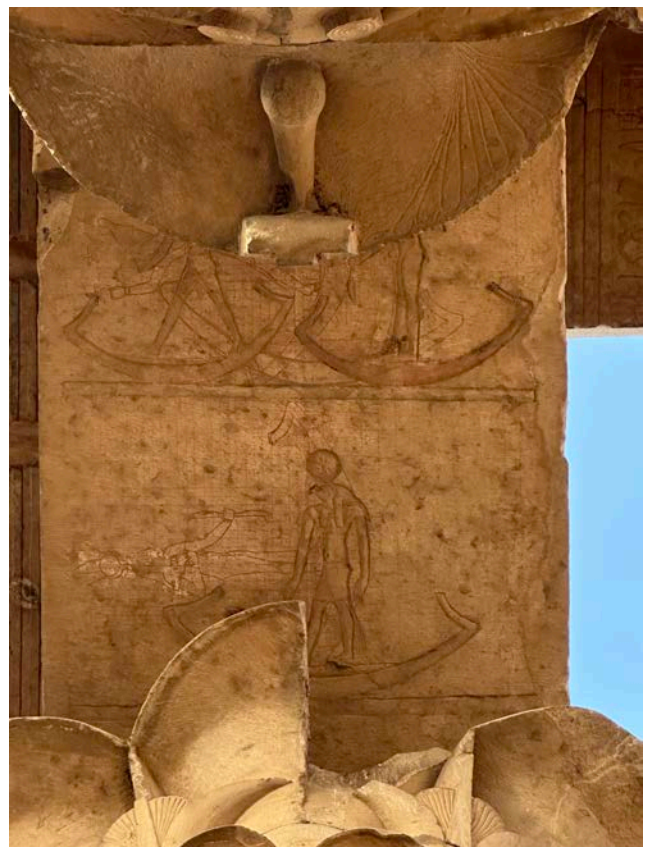

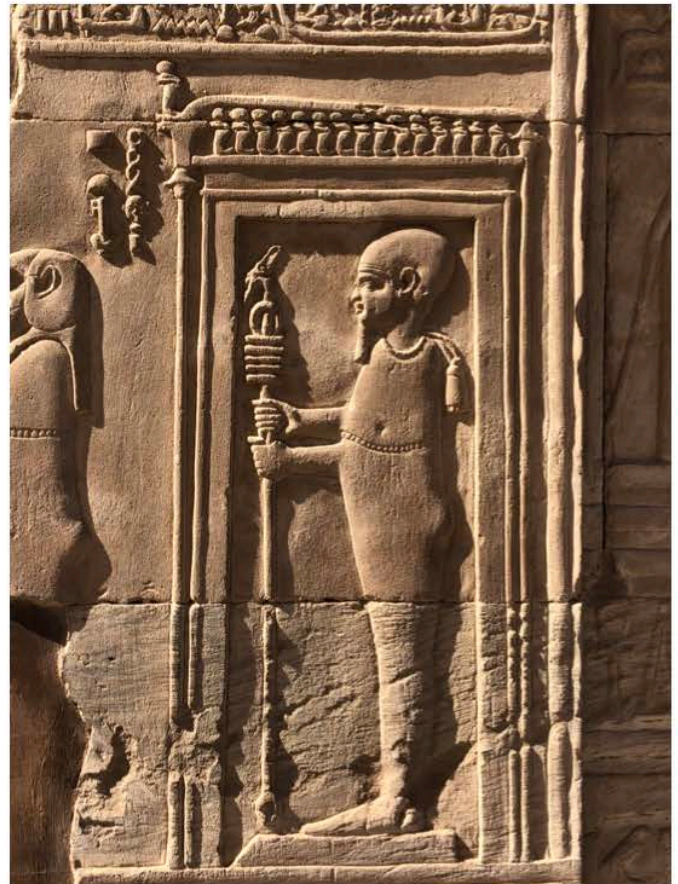

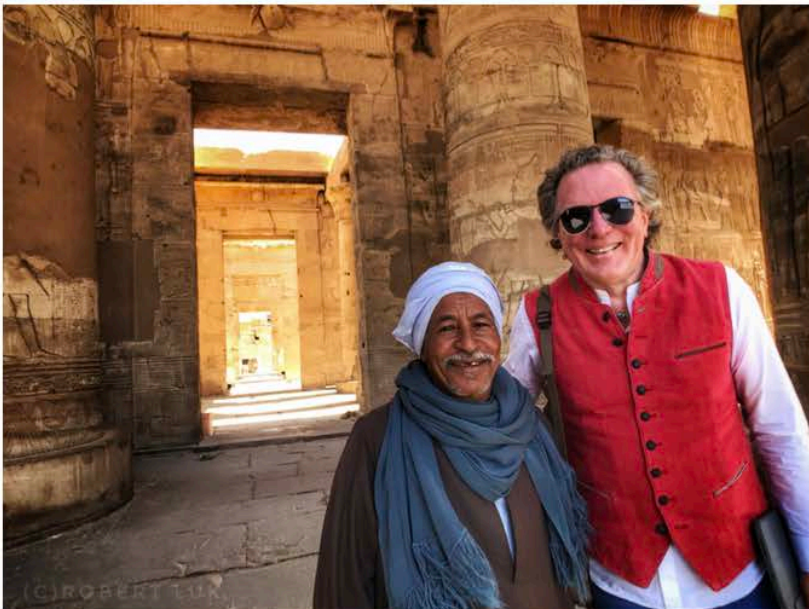

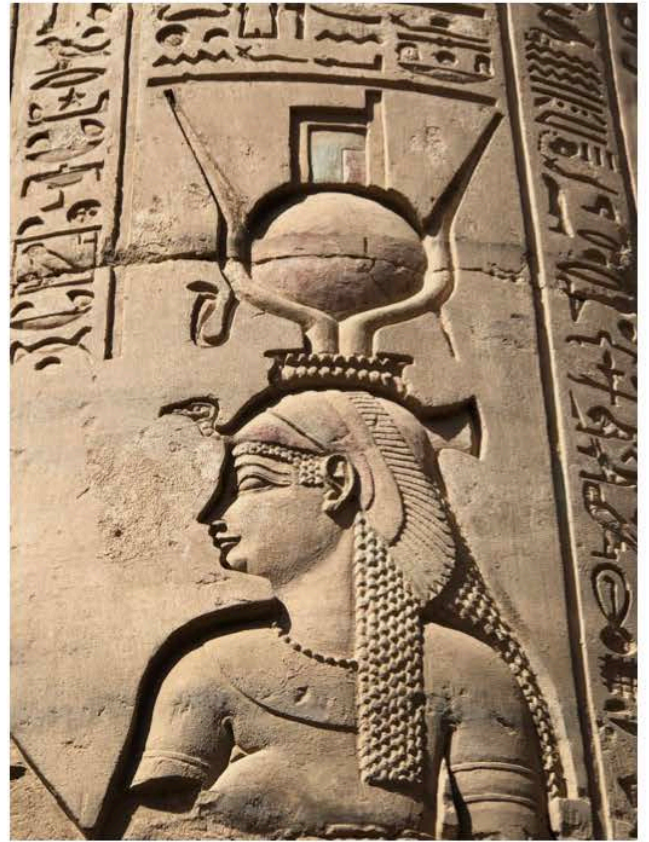

At Edfu, William reveals the incredible connection between the *Edfu Building Texts*, the story of Atlantis and our current AI dilemma. More, the mystery of the Starwalkers comes to life as we explore the many Arks on the temple walls and the mysteries of Isis.

Day 8, Continued – Nile Cruise / Kom Ombo

After lunch on board, we sail for another of the Ptolemaic temples, **Kom Ombo**. This spectacular temple features the anointing mysteries of Bast and Sekhmet, the baptism in the Living Waters by Thoth and Horus. You'll love William's take on the Starwalkers and their connection to Kom Ombo, as well as mysteries of Isis. **(B,L,D)**

Kom Ombo is one of four magnificent Ptolemaic temples we will visit.

Day 9, Tuesday, April 7 – Temple of Isis at Philae

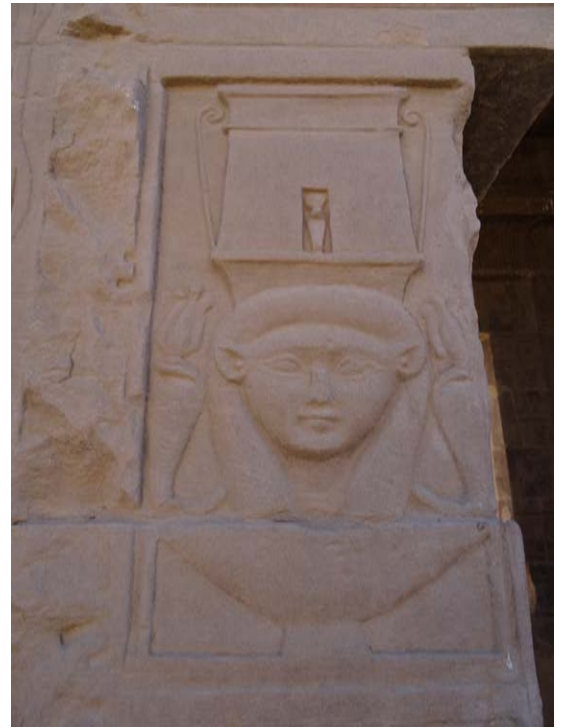

Today, we visit **Philae** to receive the blessings of **Isis-Hathor**, the goddess of love and joy, at her beautiful island temple. This isle represents a fusion of three great civilizations – Egyptian, Greek and Roman. The presence of Isis is palpable in the inner sanctum, the Holy of Holies of her temple. For many, the serenity and grace of Philae makes it their favorite spot in all of Egypt. Afterwards, we visit the **Unfinished Obelisk**. Free afternoon to enjoy the hotel setting and amenities or an optional visit to the Nubian Museum. **(B, L, D)**

The Hathor pillars at Philae introduce us to the goddess of love and joy.

Philae Temple is stunningly beautiful and powerfully energizing!

Day 10, Wednesday, April 8 - Cairo

Today, we fly to Cairo. After our flight we follow the path of the Holy Family with a visit to **Old Cairo**. Contained within the boundaries of the ancient Roman fortress of Babylon, where the Copts (Egyptian Christians) built their churches for protection, we will explore the churches of early Christianity in Egypt. The most famous church is that of **El Muallaqa, the Hanging Church**, built over one of the gateways into the old fortress, its nave suspended above the passageway. You will feel something uniquely special as we walk amongst this historical site. We will also explore some of the earliest depictions of the Transfiguration and Ascension of Christ and how they enfold the ancient Egyptian resurrection mysteries. **(B, L)**

Day 10, Continued - Great Pyramid

This evening we have a **special visit to the Great Pyramid**, including the **King's Chamber**. We follow this the next morning with a special **private time between the paws of the Sphinx** and visit the **Valley Temple** to conclude our amazing journey. Here, we unite our life story with the story of those who have come before us and those who will come after as we embrace the transformation that we have experienced. Free afternoon.

There is nothing quite as exciting experiencing the awesome interior of the Great Pyramid!

Day 12, Friday, April 10.

**Farewell.
The Tour ends and we journey Homeward.**
